

TEST RIGHT OF SENATE TO ASK WILSON TO ACT

Arizona Senator Invades White House to Speed Up Action on Mining Bill.

WILSON TAKES OWN TIME

Senator Ashurst's Maneuver Starts Lively Discussion in Senate Circles.

BY AVID LAWRENCE
(Copyright, 1920)

Washington—Senator Ashurst of Arizona, who paced the White House grounds impatiently and finally insisted upon an audience with President Wilson, in a thrifty but executive manner, has started a discussion as to where the rights of a United States senator begin and end when the privacy of the president of the United States and his constitutional rights may be invaded.

The Arizona senator was naturally anxious for Mr. Wilson to act promptly on the mining bill because it affects so vitally his constituents back home but whether or not he adopted the proper course to compel early action is being debated by officials generally.

The position taken by many is that a United States senator has no more right to force the president of the United States to sign when he will sign of veto a bill than a senator has the right to insist upon word from the Supreme Court of the United States as to what its decision will be in any pending case. Moreover, those who defend Mr. Wilson declare that the senate has been very jealous of its prerogatives in the past and any attempt on the part of the president to ask the senate formally what action it would take on a pending bill would be resented. The most a president can do is to "recommend" to congress and the most a senator or member of congress can do about a bill at the White House is to "urge" or "recommend."

Would Wait in Office

Mr. Ashurst insists that he wasn't trying to influence the president but simply to find out whether Mr. Wilson would sign or veto and when he would make a decision. Strictly speaking, officials say Mr. Ashurst had a right to cool his heels at the White House offices and wait there all day if he liked as a protest against inaction on measures which he wanted pressed but to go uninvited beyond the offices into the privacy of the executive mansion where the president makes his residence is invading the domain of the executive.

The Arizona senator went to the front door of the White House after he found no one at the executive offices from whom he could get information. The president's secretary was away for lunch and attaches in charge couldn't enlighten Mr. Ashurst as to status of his bill. When Mr. Tumulty did get back he began tracing the mining bill and gave Senator Ashurst assurances that action would be hastened.

Waits for Report

The truth is the president always waits for a report from the secretary of the department affected by any bills passed by congress before approving them. The mining bill would affect the interior department. Secretary John Barton Payne happens to be out of the city and will not be back before tomorrow. Just as soon as the president gets into communication with Mr. Payne and finds out whether the latter thinks it ought to be signed, there will be action. This is the normal course in handling legislation. And Mr. Wilson is given ten days by the constitution to make his mind what to do about the bill, passed on 4 to 5 o'clock. He has until Jan. 4 to decide and knowing the temperament of the president, there are those who think that unless regrets are expressed by a certain senator from Arizona it is likely to be midnight of Jan. 4 before action is taken on the bill. Mr. Wilson is not the kind who is stampeded into action on anything.

BRITAIN ADVISES JAPAN TO LAY LOW

England Interested in American View of Advice to Japanese.

By Webb Miller

London—British foreign office officials today expressed great interest in reports from Washington that Britain had advised Japan not to press opposition to the California alien land law.

While they denied there had been any official action in London, it was assumed that some high diplomatic officers may have suggested to Japanese representatives that they should not agitate the question now.

If the matter was laid before Japanese representatives, it was said, it was incidental to conversations taking place in various capitals with a view to benefiting the world situation.

Officially the foreign office would have no interest in the settlement of American affairs, it was indicated, and if advice were given Japan it was not in the way of a special indication but to aid in the bringing of general peace reconstruction and to bring peace of mind to British dominions.

Caruso's Voice May Never Be Heard Again

Friends of Famous Italian Tenor Fear Series of Mishaps Will Prevent Him From Returning to Operatic Stage.

By United Press Leased Wire

New York.—Fear was expressed here today that the "golden voice" of Enrico Caruso may never again be heard on the operatic stage.

Despite unofficial reports from his bedside that he was "better," following a second operation in connection with his serious illness with pleurisy, the feeling grew among his friends and admirers that the series of mishaps culminating in his present condition mark the beginning of a decline in the musical career of the most brilliant tenor the world has ever known.

It is practically certain now that Caruso cannot appear again at this season of the Metropolitan grand opera.

No one but members of the family, the six attending physicians and the nursing staff has been permitted to see Caruso since his illness became admittedly serious this week.

But his apartments in the Hotel Vanderbilt have been deluged with messages of condolence from all parts of the world and with great bouquets of flowers, including some which represent the greatest self-denial by little groups of his worshippers in the poorer quarters of the Italian colony here.

Caruso is Optimistic

Caruso himself, ever an optimist, has not at any time conceded the possibility of his permanent retirement from the stage, according to reports from the sick room, and has continually evinced the greatest cheerfulness despite the severe pain he has sometimes suffered.

Any advent admission by those close to the great tenor that his condition may be graver than generally supposed is quickly followed by an official denial from his physicians. Those who entertain doubt of complete recovery of his vocal powers, however, point out that the doctors are always the last to admit publicly the gravity of a distinguished patient's condition.

A peculiar example of psychology is furnished by the fact that many music stores report an unprecedented demand for Caruso phonographs and records, and have been unable to offer any explanation other than the public believes that soon the only way they can hear the "golden voice" will be through this artificial method.

Is Real Actor

Caruso, who was born in Naples 48 years ago, has always presented a strange admixture of carefulness and carelessness regarding his priceless voice. For instance, he defies precedent by his inveterate use of cigarettes, yet invariably sprays his throat after indulging in a smoke.

An ability to act far above that usually seen in an operatic star, is second only to his vocal powers in his last achievements. His presentation of the role of Pucciniello in Pagliacci would have made him famous even though he were mute. His essay into the movies in which he played a difficult dual part, was a great success.

Probably Caruso's greatest pride is his skill as a caricaturist. He always takes great delight in lampooning both himself and his friends with a pencil.

Jinx Follows Him

The first of a series of mishaps to Caruso occurred a few weeks ago, when, in playing Sampson, one of the pillars of the temple which he tore down, struck him on the head. Shortly after, while running up the steps of the Metropolitan theatre in Pucciniello, he stumbled and fell heavily, wrenching his side. Then while singing in Brooklyn, a blood vessel in his throat was ruptured necessitating cancellation of his appearance in several operas. His present illness began Christmas day.

Caruso began his career as a choir singer in Naples at the age of 11. He made his operatic debut in Naples in 1894. His first appearance in the United States was in 1903. He married Dorothy Park Benjamin, a New York society girl, about 2 years ago.

START TRAINS OVER W. & N. EXTENSION TO NEENAH MONDAY

New Six Mile Tunnel, Including Huge Tunnel Under Tracks, Is Finished.

CONNECTS CITY WITH SOO

New Schedule Gives Passenger and Freight Connections With Thru Trains.

Passenger and freight trains of the Wisconsin and Northern railroad will pass over the new line from Appleton to Neenah for the first time Monday. There will be one passenger train each way at the start connecting with through trains of the Soo line at Neenah. Freight trains will also connect with time freights of the Soo line.

This affords the city of Appleton another direct line to and from the south, both for passenger and freight traffic and virtually places the Soo line railroad in this city. It gives the Wisconsin and Northern road about 115 miles of main line connecting with the Soo at W. and N. Junction, above Crandon, and again with the Chicago division of the Soo at Neenah.

The present passenger service consists of a morning train leaving Neenah at 7:30 o'clock, leaving Appleton at 8:10 o'clock and reaching Crandon at 10:30 o'clock in the morning. The southbound train starts from Crandon at Appleton at 3:10 o'clock in the afternoon and at Neenah at 3:50 o'clock. The latter will connect with trains No. 12 and 2 for all points south of Neenah, including Milwaukee and Chicago.

Wisconsin and Northern freight trains will connect with Soo line time freights from Chicago and Milwaukee, delivering freight at Appleton for distribution promptly at one o'clock each afternoon if loaded in Milwaukee or Chicago before six o'clock the evening previous. Southbound freights will connect with Soo freights headed for Milwaukee and Chicago.

Construction of the new right-of-way was a difficult project on account of separation of grades with the Ashland division of the Chicago and Northwestern railroad. It was necessary to dig a tunnel practically 30 feet deep beneath these tracks and Spencer street. The character of the soil encountered in making the excavation and the bad weather that developed early in November, caused serious delay and made it impossible to start trains as early as expected.

The general depression in business has been felt in the towns served by the Wisconsin and Northern road the same as in other places. Lumber business is particularly slow and logging operations for the winter will probably be decreased as a result.

IMPORTS AND EXPORTS DECREASED LAST MONTH

By United Press Leased Wire

Washington—United States exports and imports both decreased for November, 1920, compared with November, 1919, the department of commerce announced today.

However, both exports and imports increased for the first eleven months of this year compared with the similar period last year.

United States imports from South America were less for November this year than for November 1919. United States exports to South America increased for November, compared with November, 1919. For the first eleven months this year, both imports from and exports to South America increased compared with last year.

SHIPPING DEPRESSION IS MISSING AMERICA

By United Press Leased Wire

Washington—World wide shipping depression has affected American merchant fleets less than those of other nations, according to shipping authorities.

About 200 United States shipping board vessels are tied up far lack of business, but unofficial reports state there are perhaps six times that many English ships tied up in home ports because of the slump.

Marine engineers, fearing wage reductions, petitioned Admiral Benson, chairman of the shipping board, against a cut.

COMMISSION MEN TO GET \$300,000 REBATE

By United Press Leased Wire

Kansas City, Mo.—Federal Judge Arba S. Van Valkenburg today sustained an injunction suit brought by livestock commission men of Kansas City to prevent the United States department of agriculture from revoking the licenses of the commissioners because of a increase in rates they put into effect last July.

Under this decision, more than \$300,000 which has been turned over to the United States district clerk here in extra rate charges probably will be returned to the commissioners.

DRY AGENT HOPES TO STOP BOOZE SHIPMENT

By United Press Leased Wire

Fargo, N. D.—Lane Maloney, federal agent, was at Portal, N. D., today looking for a carload of Sunny Brook whisky reported to be enroute from Louisville, Ky., to Canada.

He made the day to Portal following reports of an overheard conversation in the railroad yards at Endicott, N. D., yesterday.

It is possible, it was suggested here, that the whisky was released from bond in this country for foreign shipment. Another suggestion was that the whisky was enroute from Canada to some point in this country, instead of the reverse, as reported.

METAL PLANES ON LONG JOURNEY TO SNOWFIELDS

By United Press Leased Wire

Minneapolis—Two metal monoplane bound for Fort Norman, a Canadian oil town 800 miles beyond Edmonton, took off from the United States air mail field at Fort Snelling early today. They left New York about two weeks ago and laid over here several days. Their first stop will be at Grand Forks, N. D., from where they will fly to Berden, Manitoba, where they will attach snow skis in place of wheels on under carriages so they may land anywhere necessary in snow-laden Canada.

DE VALERA IN ERIN TO HEAD PEACE PARLEY

President of Irish Republic Succeeds in Landing in Ireland.

THREATENED WITH ARREST

British Officials Declare He Will Be Thrown in Prison if Captured.

By United Press Leased Wire

New York.—Eamon De Valera, president of the Irish republic, has returned to Ireland, it was announced here today by his secretary, Harry Boland.

De Valera, who spent more than a year in the United States selling Sinn Fein bonds and making speeches in behalf of the Sinn Fein cause, has been missing for several weeks. Heretofore other Sinn Fein officials in this country have asserted repeatedly that he was somewhere in the United States taking a rest. Boland said today it was necessary to keep reiterating this statement so that De Valera would have a chance to land in Ireland without being apprehended by the British authorities.

Boland refused to say when and where De Valera landed. It is assumed that he went as a member of the crew of a liner.

Presumably, De Valera was returning to Ireland to participate in peace negotiations with the British government. Recently Prime Minister Lloyd George was asked whether he would permit De Valera to return to Ireland for this purpose, but he gave no specific reply. Later the Irish office made it known that De Valera would be arrested if he attempted to land in the British Isles.

Since the arrest of Arthur Griffith, acting head of the Sinn Fein in the absence of De Valera, the Sinn Fein has been without a chief. Sinn Fein adherents expressed the fear that lawless Irish volunteers would stray into excesses which would give the British an excuse to massacre them. However, since the arrest of Griffith there has been little change in the fighting tactics in Ireland.

After Lord Mayor MacDonnell, of Cork, started his hunger strike, De Valera stated that if MacDonnell were permitted to die he would go back to Ireland and start a hunger strike.

Boland distributed to reporters a typewritten sheet of paper which he said was De Valera's farewell message to the United States.

It was as follows:

"Land of the free and home of the brave—farewell.

"May you ever remain as I have known you. Land of the generous hearted and the kindly. May you stand through time as they would have you who love you—liberty's champion; and Oh, may you never know yourself the agony of a foreign master's lash.

"I came to you on a holy mission, the mission of freedom; I return to my people, called to me, not indeed, as I had dreamt it, with the mission accomplished, but with a message that will cheer in the dark days that have come upon them and that will inspire the acceptance of such sacrifices as must yet be made.

"So farewell, young, mighty, fortunate land; no wish that I can express can measure the depth of my esteem for you or my desire for your welfare and your glory. And farewell, the many dear friends I have made and the tens of thousands who, for the reason that I was the representative of the noble nation and a storied, appealing cause, gave me honors and made me prince and peer, who will not forget and Ireland will not be ungrateful."

Heretofore other Sinn Fein officials in this country have asserted repeatedly that he was somewhere in the United States taking a rest. Boland said today it was necessary to keep reiterating this statement so that De Valera would have a chance to land in Ireland without being apprehended by the British authorities.

Boland refused to say when and where De Valera landed. It is assumed that he went as a member of the crew of a liner.

Presumably, De Valera was returning to Ireland to participate in peace negotiations with the British government. Recently Prime Minister Lloyd George was asked whether he would permit De Valera to return to Ireland for this purpose, but he gave no specific reply. Later the Irish office made it known that De Valera would be arrested if he attempted to land in the British Isles.

Since the arrest of Arthur Griffith, acting head of the Sinn Fein in the absence of De Valera, the Sinn Fein has been without a chief. Sinn Fein adherents expressed the fear that lawless Irish volunteers would stray into excesses which would give the British an excuse to massacre them. However, since the arrest of Griffith there has been little change in the fighting tactics in Ireland.

After Lord Mayor MacDonnell, of Cork, started his hunger strike, De Valera stated that if MacDonnell were permitted to die he would go back to Ireland and start a hunger strike.

Boland distributed to reporters a typewritten sheet of paper which he said was De Valera's farewell message to the United States.

It was as follows:

"Land of the free and home of the brave—farewell.

"May you ever remain as I have known you. Land of the generous hearted and the kindly. May you stand through time as they would have you who love you—liberty's champion; and Oh, may you never know yourself the agony of a foreign master's lash.

"I came to you on a holy mission, the mission of freedom; I return to my people, called to me, not indeed, as I had dreamt it, with the mission accomplished, but with a message that will cheer in the dark days that have come upon them and that will inspire the acceptance of such sacrifices as must yet be made.

"So farewell, young, mighty, fortunate land; no wish that I can express can measure the depth of my esteem for you or my desire for your welfare and your glory. And farewell, the many dear friends I have made and the tens of thousands who, for the reason that I was the representative of the noble nation and a storied, appealing cause, gave me honors and made me prince and peer, who will not forget and Ireland will not be ungrateful."

DE VALERA IN ERIN TO HEAD PEACE PARLEY

President of Irish Republic Succeeds in Landing in Ireland.

THREATENED WITH ARREST

British Officials Declare He Will Be Thrown in Prison if Captured.

By United Press Leased Wire

New York.—Eamon De Valera, president of the Irish republic, has returned to Ireland, it was announced here today by his secretary, Harry Boland.

De Valera, who spent more than a year in the United States selling Sinn Fein bonds and making speeches in behalf of the Sinn Fein cause, has been missing for several weeks. Heretofore other Sinn Fein officials in this country have asserted repeatedly that he was somewhere in the United States taking a rest. Boland said today it was necessary to keep reiterating this statement so that De Valera would have a chance to land in Ireland without being apprehended by the British authorities.

Boland refused to say when and where De Valera landed. It is assumed that he went as a member of the crew of a liner.

Presumably, De Valera was returning to Ireland to participate in peace negotiations with the British government. Recently Prime Minister Lloyd George was asked whether he would permit De Valera to return to Ireland for this purpose, but he gave no specific reply. Later the Irish office made it known that De Valera would be arrested if he attempted to land in the British Isles.

Since the arrest of Arthur Griffith, acting head of the Sinn Fein in the absence of De Valera, the Sinn Fein has been without a chief. Sinn Fein adherents expressed the fear that lawless Irish volunteers would stray into excesses which would give the British an excuse to massacre them. However, since the arrest of Griffith there has been little change in the fighting tactics in Ireland.

After Lord Mayor MacDonnell, of Cork, started his hunger strike, De Valera stated that if MacDonnell were permitted to die he would go back to Ireland and start a hunger strike.

Boland distributed to reporters a typewritten sheet of paper which he said was De Valera's farewell message to the United States.

It was as follows:

"Land of the free and home of the brave—farewell.

"May you ever remain as I have known you. Land of the generous hearted and the kindly. May you stand through time as they would have you who love you—liberty's champion; and Oh, may you never know yourself the agony of a foreign master's lash.

"I came to you on a holy mission, the mission of freedom; I return to my people, called to me, not indeed, as I had dreamt it, with the mission accomplished, but with a message that will cheer in the dark days that have come upon them and that will inspire the acceptance of such sacrifices as must yet be made.

BERLIN DENIES IT SWUNG BIG STICK

German Government Denies French Charge of Trying to Frighten Allies.

By United Press Leased Wire

Berlin.—The German government officially denied today that it had attempted to use a big stick in obtaining favorable reparations decisions.

French assertions that Herr Von Simons, foreign minister, had threatened a breaking off of the Brussels conference on reparations if compelled to disarm the Bavarian citizen guard, were denied emphatically.

Well informed representatives of the entente in turn contradicted the German statement. Von Simons, they said, had two meanings; they said, but the sense of them was that charged by the French. Von Simons was said to have declared he could not permit publications of the allied demand for disarmament, fearing unfriendly comment in the German press which would injure the conciliatory spirit of the Brussels negotiations.

The situation here was complicated by the appearance of a delegation of Ruhr coal miners, demanding disarmament of the Bavarian guard on the grounds that its retention may cause a French invasion of the coal basin.

FORMER MEXICAN CONSUL IN U. S. IS IN PRISON

By United Press Leased Wire

San Antonio.—Teodilo Beltran, Mexican consul here for eight years under various governments of the southern republic, was removed from office by Dr. Hidalgo, minister of foreign relations of Mexico, over a month ago. It became known today.

The removal followed charges made by the chamber of deputies that Beltran was a Carranza sympathizer, it was said.

His present whereabouts are not known but reports in Mexican circles indicate that he is in jail at Monterey.

28 CASES HEARD BY NEW KANSAS INDUSTRY COURT

By United Press Leased Wire

Topeka, Kans.—The annual report of the new Kansas court of industrial relations to be submitted to Governor Allen today, shows that since it was established it has had 28 industrial cases docketed. Twenty five of these were instituted by workers, two by employers.

The court was created by the legislature in 1919. It has since then been busy with cases involving disputes between employers and employees. The court's decisions are final and its jurisdiction covers all industrial disputes in the state.

\$60,000,000 WILL BE SPENT TO WELCOME INFANT YEAR TONIGHT

By United Press Leased Wire

Washington.—Approximately \$60,000,000 will be squandered in merry-making celebrations of New Year's eve tonight if the nation runs true to form shown in government reports of other years.

Probably ten million men, youths and young women, will spend the evening at theatres, hotels, cabarets, dance halls and other public places whose proprietors are banking on tonight's gate receipts to pull them through a financially dull December.

The government, however, will coin money in consumption taxes on the national level in all cases except liquor consumption. Tax receipts on admissions to theatres and cabarets are expected to net the government at least \$500,000 for the evening or ten per cent of the sum spent for this purpose. Dinners and parties will account for an expenditure of probably \$50,000,000, it was believed.

Bootleggers have been unusually active during the last few weeks, according to reports from prohibition agents and police of big cities. Presentation of permits for the withdrawal of liquor from bond have increased in the last few weeks.

BORDEN COMPANY QUITS CONDENSING

Greenville Plant Will Skim Milk and Send Cream to Chicago Markets.

No milk will be condensed at the Borden condensary at Greenville after Friday, according to announcement.

same arrangement into effect at its New London plant, which is much larger than the Greenville factory. It is said to be only temporary. The company hopes to resume condensing operations March 1. A large number of farmers are affected by the change.

RETIREMENT FUND FOR Y. M. C. A. OFFICIALS

The board of directors of the Y. M. C. A. voted to participate in the formation of a retirement fund for officers of the employed staff of Y. M. C. A.'s at a meeting Thursday. Retirement

made to farmers supplying the factory. Farmers are instructed to deliver milk to the condensary as usual. It will be skimmed and the cream will be shipped to the Chicago dairy market. All milk will be purchased at the market price plus cheese factories instead of the condensary price. This will mean a reduction in income to producers, because the average condensary price has been higher than the market.

funds are being formed in several sections of the country. Judson G. Roebush gave a report of the specific religious work of the associations in Dayton and Toledo, Ohio, where he recently gave lectures. Reports were also received from the members of the employed staff. E. F. Denison, personnel secretary of the International committee in Chicago, was a guest at the meeting.

Miss Eleanor Harriman is visiting friends in Chicago.

RED ARROW DEEDS DESCRIBED IN BOOK

Interesting History of Thirty-second Division Has Been Prepared.

Several local soldiers of the Thirty-second, or Red Arrow, division have received copies of the official history of the division in the World War. It is a volume of several hundred pages, entitled "The Thirty-second Division in the World War," and is a complete review of activities and highly authentic in its accounts.

The book was prepared jointly by the war history commissions of Wisconsin and Michigan, the states from which most of the Red Arrow men came. It deals with the organization itself, its training period, journey to France and its participation in the famous battles on the French front. It relates many of the experiences of the officers and men and covers the high

lights of the months of service performed by the men. Tribute is paid men who were slain in battle and those who received medals or citations for bravery. Photographs of most of these men are reproduced and there is a complete casualty list. Pictures of the division on the march or in action are scattered throughout the volume, together with those of the commanding officers. Each member of the division is presented with a copy or one is given the next of kin of those who died.

Postponed Again

Andrew Baken of Antigo, charged by John Neller with issuing a check for \$200 when he had no funds in the bank, was arraigned in municipal court Wednesday and an adjournment taken until Friday. No further court action was taken up to this noon. In default of bail Baken was committed to the county jail.

Miss Mary Solarick of Kaukauna, was a visitor here Thursday.

Town Talk

Discuss School Survey

The school survey committee held a meeting at the city hall at five o'clock Thursday afternoon and discussed a junior high school structure and a building program, but no action was taken.

"Watch Night" Service

Dr. T. D. Williams will speak on "The Supreme Task for the Church

for 1921" at the "watch night" service at the First Methodist church Friday evening. The program will begin at 8:15 o'clock with a talk by the pastor after which the presidents of societies and organizations will speak on "Our program for 1921." In the midst of the program there will be a social hour after which refreshments will be served. The service will be concluded with the Sacrament of the Lord's Supper.

Chiropractors Meet

Dr. Robert Larson and Dr. James A. Rolfe will leave next Thursday to attend the ninth annual convention of the Wisconsin Chiropractors' association.

tion, to be held in the Wisconsin Hotel in Milwaukee. A feature of the Wisconsin Hotel in Milwaukee. A feature of the convention will be a series of lectures and clinical demonstrations by Dr. B. J. Palmer, of Davenport, Iowa, developer of chiropractic, and William C. Schultz, of Chicago.

Install Officers

The regular meeting of the Pulp, Sulphite and Paper Mill Workers Union, Local No. 81 will be held at one o'clock sharp, Sunday afternoon. New officers will be installed. After the

business session, the first monthly schafkopf party will be held.

Non-Support Charge

Herman Hampel was arraigned in municipal court Friday morning charged with failure to support his children. An adjournment was taken until Tuesday, Jan. 4. Not being able to furnish a bond he was remanded to the county jail.

ALL MEAT MARKETS WILL BE OPEN UNTIL 9 O'CLOCK FRIDAY EVE. CLOSED ALL DAY NEW YEAR.

PLEAD ACCIDENT AT POLICEMAN'S TRIAL

By United Press Leased Wire
Madison, Wis. — Attorneys for
Mathew Lynaugh, Madison policeman,
charged with the murder of Carl Jan-
dort, Grand Rapids, Mich., youth, who
was killed while taking part in a class
rush at the University of Wisconsin,
will base their defense on a plea of
accidental shooting when the officer
goes on trial at Jefferson, Wis., Jan.
3.

Preparations for the trial have been
completed. John A. Baker, assistant
attorney general of Wisconsin, will
have charge of the prosecution. He
will be assisted by District Attorney
Theodore Lewis.

James M. Clancy, Stoughton, will
handle the defense.

Jandort was killed last May 28 on
the university campus. Students had
stolen a barber pole for the annual
cap burning ceremony fire. Lynaugh
ran into a group in an alley. At the
time of the shooting he claimed Jan-
dort struck him.

The case was taken to Jefferson for
trial when attorneys for Lynaugh
filed a plea for a change of venue.

BADGER MAN GOES EAST TO CONFER WITH HARDING

Madison—Albert A. Johnson, Uni-

Business Men Indorse City's Effort To Keep Streets Free From Snow

Improves Business and Is Splen-
did Advertisement for Apple-
ton, Merchants and Manu-
facturers Declare.

That business and professional men
and taxpayers generally are pleased
with the manner in which the depart-
ment of streets is handling the snow
problem developed in interviews with
a number of leading citizens. Without
exception they stood back of the de-
partment and said it was money and
time well invested. Very few had
suggestions to offer.

With the advent of automobiles and
motor trucks and the passing of horse-
drawn carriages the necessity of the removal of the
snow from streets and curbs is
generally emphasized. Another side
of the question brought out is that it
makes the city cleaner and has proven
valuable as an advertising invest-
ment. The method of removing the
snow, which is something new to
them, attracts the attention of com-
mercial men and visitors almost as
much as did our first electric street
cars.

"The department of streets deserves
a great deal of credit," said Joseph D.

worth the money it costs. I have no
suggestions to offer.

Stephen Balliet—I highly indorse
the removal of the snow. It is all
right and first class. I think it is be-
ing done as economically as it could
be done.

Richard Getschow—Every business
man wants the streets kept open be-
cause 75 per cent of the delivering is
done by motor trucks. The expense is
not to be considered.

A. J. Lierman—if it were not for the
removal of the snow it would be only
a matter of a few weeks when we
would have to park our machines in
the middle of the street and that
would interfere with traffic. I think it
is absolutely necessary to remove the
snow, otherwise we would not be able
to get up to the curbing.

Eric Galpin—I approve of the way
the snow is being handled. If it was
not removed it would be impossible to
do delivering with motor trucks. I
have no suggestions to make.

A. J. Ingold—The removal of the
snow from the streets and gutters
makes it possible for people to get up
to the stores and means good busi-
ness. It is certainly a splendid sys-
tem. I have heard a number of trav-

BASKET-BALL GAME AND DANCE
New Years Night, January 1, 1921 at ARMORY G
Diamond Match of Oshkosh vs. Interlakes. Preliminary
Game, Neenah Women's Club vs. Appleton Woman's Club.
First game at 7:30. Dancing at 9:00. Admission, Game
and Dance, 75c per couple; extra lady 25c. Oshkosh is
coming 200 strong.

Steele, president and general man-
ager of Pettibone-Peabody company.
"For the manner in which it maintains
our streets. It means so much to pa-
trons of all the stores and saves con-
gestion on busy corners. It is the big
city style of doing things and shows
we are a city and not a village."

"Years ago we had snow stacked up
in front of the store to a depth of six
feet," said Chris. Mullen, manager of
Geenen Dry Goods company's store,
"and had to tunnel thru it. The city
made no effort at that time to remove
it. Speaking for the Geenen Dry
Goods company, I want to compliment
the department of streets for clearing
away the snow and keeping the
streets open for traffic. Its work is a
credit to the city and a convenience
to business people and the traveling
public."

Oscar Kunitz—The removal of snow
from the streets is a necessity for the
reason there are no trolley horses in
the city and motor vehicles are now
used exclusively. It is necessary to
remove the snow from streets and
roads and especially to the cemeter-
ies in order to get around. You can-
not get good service unless the roads
are open. I approve of everything
the department of streets is doing. It
is work well done and second to none
in the state.

Louis Marshall—I think the remov-
al of snow is a good idea for the run-
ning of motor trucks and the handling
of freight. In this respect it is quite
an important matter. If the snow was
not removed we would need horses
in winter time, but as it is now we
can use motor trucks for delivering
the year round.

Harry Ingold—I favor the running
of snow plows and scrapers on cer-
tain side streets as well as College
avenue. I think it is the best way.
I think it is a big thing for the city
and country people.

William C. Fish—I think the depart-
ment of streets is doing all right. It
is just as necessary to keep the
streets clean in winter as in summer.
It would be impossible to do delivering
unless the streets were kept open.

Roy Marston—I see no objections to
the manner in which the snow is be-
ing removed and have no suggestions.
The work the department is doing is
all right.

Peter Schaefer—I think the city of-
ficials are doing one of the best things
on College avenue that ever happen-
ed anywhere. Other years the snow
was piled up against the curbing and
this year they are removing it. I
think they are doing the proper thing
and doing it in the right way.

W. H. Dean—I surely like to see
the city remove the snow. It is well

eling men comment on it as the best
thing they had ever seen.

I. C. Rusch—I think the idea is a
good one and it is working out fine.
If the department does as good work
as last winter no one will have reason
to complain.

A. A. Wettengel—it would be nec-
essary to have horses as well as mo-
tor trucks for delivering were it not
for keeping the streets free from
snow. I don't know how much it
costs, but it is a good thing.

Dr. V. F. Marshall—I should say re-
move the snow. It interferes with
traffic. Its removal is a great help in
getting about the city. I think the
method used works out nicely.

W. F. Saecker—We want the
streets kept clean. It helps business
and is of great assistance in deliver-
ing.

Dr. H. Schaper—The plan of re-
moving the snow is a good one. As
you have to depend on a car exclusi-
vely it helps in getting about the
city. You couldn't get a horse if you
wanted one.

N. C. Schommer—I should say it is
worth while to remove the snow. It
is absolutely necessary to keep the
streets open and the cemeteries
should not be overlooked.

Dr. E. W. Cooney—I feel that it is
worth while to keep the streets free
from snow. Last winter we were
able to get all over the city with a
car. I am on the street a great deal
and heartily indorse the city's pres-
ent method.

David Brettschneider—it is a good
thing so far and was last winter. It
makes it possible to drive up to the

UNION HIGH IS OPPOSED BY TOWNS

Issue Is Defeated at Seymour
by 172 Votes—Must Seek
Other Relief.

Seymour and adjacent townships
lost out on the Union high school is-
sue in the special election Wednesday.
A total of 616 votes was cast, 222 in
favor of building such a school, and
394 against.

The vote showed that the city of
Seymour wanted the school, but the
negative vote of the townships of
Seymour, Cicero and Oneida was large
enough to defeat the measure. Sey-
mour voted 164 in favor and 63
against. The rural sections cast 58
ballots in favor and 231 against.

Defeat of the union high school is-
sue means that the crowded condition
of the Seymour senior high school will
not be relieved this year. It also
means that the board of education
must find some other way to meet the
demand for more room, perhaps by
building an addition to the present
school or petitioning for a new build-
ing. It is necessary to conduct part
of the classes in the city hall building
now.

curb and makes the town look more
civilized.

Louis Wichman—it is a good thing
to have the snow removed. It helps
in every way and I think the depart-
ment is doing it in the right way.

George Wichman—I approve of the
removal of the snow. Last winter we
had no trouble in delivering and used
a car all winter.

Philip Crabbe—The removal of snow
from the streets is an excellent thing
and helps business. Keep the streets
clean by all means.

On the northern coast of Scotland it
is a favorite theory with the fishing
and seafaring people that in a storm
three waves are strong and violent,
while the fourth is comparatively
weak and less dangerous.

TO ONE AND ALL

That this 1921 which now stands at the door will be the
happiest ever, bringing you much prosperity with good
health, is our sincere wish!

For our part we are very grateful to
you for the liberal patronage you have
given us and hope that everything you
bought here for your friends and your
good self will be satisfactory. You
know, of course, that every sale was
made with that understanding.

It has been a pleasure to serve you, and
we trust you will overlook any little
thing which is not consistent with this
store's policy of rendering a perfect
service to its customers.

This store will be closed Saturday, New Years Day, re-
opening Monday, ready to serve you more satisfactorily
than ever with merchandise of merit at LOWER PRICES.

GLOUDEMANS-GAGE CO.

PLEASE accept this
Greeting as an Expres-
sion of Good Will, Bound
with Sincerest Wishes for
A Happy and Prosperous
New Year.

HAPPY NEW YEAR
Happy New Year! The old year, with its feasts and its burdens, lies behind. Before us dawns the new.
Every holiday has its own significance which endears it to those who celebrate, but this is the secret charm of New Year's Day—it marks the stirring of new hope. It offers to mankind a definite date wherein he may turn his back upon old failures and start anew. Cold reason protests in vain that one calendar day can have no magic power above another: the mystic whisper of the New Year tells us differently. Back of its opening portals lie possibilities, the triumph over failure, the settling of vexed questions, the fruition of long cherished hopes.
Backs bent with the burdens of the old year straighten unconsciously before the promises of the new; hearts heavy with disappointment take courage. The New Year revives the urge to begin again, and fans the dying belief in happiness. No sophistry can wipe out this sense nor the encouragement that it brings.
Grave questions will arise as the year progresses, with the individual, the family and the nation. We are, even now, confronted with serious problems. All of these will ultimately be worked out to solution. But who can foretell with any certainty just what the solutions will be? Who can prove, standing on the threshold of the new year, that they will not all be happy and successful? That is the magic of the New Year—nobody can tell; and so it leaves everybody free to hope, and to say with good faith, "Happy New Year!" May it prove for all of us not only a wish, but a prophecy.

ONE SCORE OF YEARS
The twenty-first century begins the second score of its years. Today it finishes the first score. Let us take a look backward and stock of what the century has done.
There is the war, the largest and most important war ever waged. But the war, big as it was, plays a relatively small part in the sum total of all the achievements in that score of years. Probably never another score of years has seen so much attempted and so much accomplished. This is true in practically every field of human endeavor. It is especially true in the United States. The century began with America one of the half dozen great powers. After twenty years have gone by the century sees the United States preeminently the world leader.
The country's population in the twenty years has increased 30,000,000! its material wealth has increased from less than a hundred billion to an estimated five hundred billions of dollars. Twenty years ago the wealth per person was \$1165; today it is \$4700.
The United States produces 24 per cent of the world's wheat; 60 per cent of the cotton; 75 per cent of the corn; 40 per cent of the iron and steel; 20 per cent of the gold; 52 per cent of the coal; 60 per cent of the copper; 66 per cent of the oil, and 85 per cent of the automobiles. This is done by 6 per cent of the world's population on 7 per cent of the world's land.
Surely the United States is a worth while place in which to live, in which to work. No thinking person believes this country has reached the peak of its growth, its progress, its greatness. It is rich with opportunity, rich with promise; its possibilities for promoting human happiness and prosperity and for serving civilization are unlimited.
America is a land of optimism and it has every reason to be. The reasons for optimism dwarf those of every other country on earth. American optimists believe the next twenty years will be immensely greater and better than the score just passed by, just as they are firm in the conviction that 1921 will be a year of greater progress than was the year 1920.
There could be no better outlook upon the New Year than this.

SOME THINGS TO THINK ABOUT
In approaching the new year there are some facts which it is well to keep in mind with respect to our material welfare.
The prosperity of the individual will depend upon the prosperity of the country as a whole.
In order that the factory may continue to operate and give employment it must be able to market its products.
In order that the farmer may keep agriculture in a flourishing condition he must find an outlet at satisfactory prices for his products.
The merchant is the medium through which the products of the manufacturer and the farm reach the consumer.
The consumer must buy if the merchant is to absorb the products of the farm and factory.
Each is dependent upon the other. The farm and the factory can keep going and give employment only if the people buy what they produce.
Prices may not be as low as some people think they should be, but prices are only relative.
As a general proposition high prices and high wages make for better living and greater prosperity. Low prices and low wages make for low standards of living and meager average prosperity. The best examples of this truth are the low wage and low price countries of Europe and Asia, the lower the wage and price the lower the scale of living and the poorer the masses of people.
The public must not therefore go too far in its determination to force prices down. It will only be hurting itself in the process. Prices in many lines have reached the level at which they should hold if we are to keep business going and retain the higher level of prosperity. We should commence to stabilize prices at a fair level and come back into the market or it will mean heavy wage cuts and more unemployment.
There is danger of going from one extreme to another. Low prices in the sense that most persons use the term are not desirable and can only make for further depression, unemployment and ultimately for adversity to the people as a whole.
This country is economically sound. It is financially sound. It can retain its prosperity if it is determined to do it, but that means that every person must do his part. The people cannot refuse to buy, they cannot refuse to improve their surroundings, and expect prosperity to go on. The farm and the factory cannot raise themselves by their own bootstraps. It is the consumer who must give them life and activity.
Much will depend upon how we face the future. If we put our shoulders to the wheel and make business, business will come, the factory will run full time and the farmer will be kept busy. But the consumer is the one primarily who must take the initiative. It is time to end the so-called buyers' strike. Prices will adjust themselves automatically, for we are assured of competition.
It would be folly to lie down. It will be wisdom to be up and doing, to be out and buying what we need for living, for self-improvement and happiness, for progress.

TODAY'S POEM
(By Edmund Vance Cooke)

THE HOBBY
The baby rides his mother's knee;
A bike suits brother Bobbie;
The proud ship rides the restless sea,
But I—I ride a hobby.
A hobby! a hobby!
Ha! ha! I ride a hobby.
Some ride a palpitating plane,
Whose heart is hot and throbby;
Some ride a taxi, some a train,
But still I ride my hobby.
Some ride a Rolls-Royce limousine,
Some find a Ford less snobby;
Some ride a plough, but my machine
Is just a simple hobby.
Some ride a tank, like those in Franco,
All spiked and scaled and knobby;
Some ride inside an ambulance,
But I prefer a hobby.
Some people ride in that patrol
Whose footman is a hobby;
Some ride a rail, but on my soul
I'd rather ride a hobby.
Some walk ride well and some ride worse;
Some smile and some are sobby;
Some ride, alas! with a hearse,
But let me ride my hobby.
My hobby! my hobby!
Ha! ha! I'll ride my hobby!

The cost of a modern battleship of the United States navy is about \$32,000,000.
More pounds of potatoes are raised than of any other food crop in existence.
More than 25,000 persons are employed in the salmon canning industry in the state of Washington.

Health Talks
BY WILLIAM BRADY, M. D.
Noted Physician and Author.

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

THE TREATMENT OF MIGRAINE
The nature of migraine was described in the two preceding articles of this series. These periodic sick headaches are not neurological, not ordinary headaches, not "biliousness" (whatever that may be) and not caused by upset stomach, as far too many victims imagine.
One subject to migraine or even ordinary headaches risks too much in taking powders or tablets whose pain-relieving power depends upon the acetanilide, phenacetin, antipyrin, antifebrin, acetophenetidin, phenylacetamide, acetylsalicylic acid or aspirin contained. Whoever falls into the habit of taking such drugs regularly or frequently for the relief of pain or distress is making a grave mistake, for each and every one of them, though a quick enough pain killer, is also a poison in the sense that it depresses the heart and causes more or less destruction of red corpuscles and seriously interferes with the oxygen-carrying function of the blood. Many a deplorable breakdown in health is directly due to the abuse of these too readily obtained analgesic drugs, and many a life has been tragically ended by unanticipated poisoning by such coaltar derivatives. No one should ever take even a small dose of such a drug unless he remains at rest for several hours after the dose is taken. Instead of carte blanche to dispense such poisons, such subtle poisons indiscriminately, and even with an unblinking "guaranty" of their harmlessness, as the simple purchaser imagines, druggists and ostrom exploiters should be permitted to sell such drugs only under the strictest supervision, such as that which applies to the sale of morphine. Yet there is positively no restriction placed upon the indiscriminate sale and distribution of any of the poisons named, and practically every alleged "cold cure," "neuralgia remedy," "headache tablet" or powder, "migraine remedy," "nerve remedy" or "anti-pain pill" on the market contains more or less of some coaltar analgesic drug. "All guaranteed," too! It is a great business—if the public doesn't weaken.
At the very beginning of a migraine attack the face is pale and the surface cold. At this time no other treatment is better than a hot mustard foot bath administered to the patient in bed; or, in lieu of that, plenty of warmth applied to the patient in bed, with or without a cold cloth on the face or head, as the patient prefers. Quiet, darkness of the room, and perhaps a bottle of citrate of magnesia or an equivalent saline laxative, such as a tablespoonful of epsom salts taken in effervescent lemonade (demanded to which a good pinch of salutarin is added just before the dose is administered). Gentle rubbing of the forehead or face with a little camphor or a solution of ten grains of menthol in an ounce of alcohol or a menthol ointment known as analgesic balm.
If any pain-relieving or nerve-sedative drug is to be employed at all in migraine it will be by and with the direction of the family physician if the patient is wise.
QUESTIONS AND ANSWERS
Apple Signs
Are apples and pears more digestible with or without the skins? (W. P.)
ANSWER—With the skins, provided the fruit has been washed.
Sweet Sixteen
Is it healthy for girls of sixteen to wear corsets? I have not worn them as yet. I don't think I need them, for I exercise every day. Do not corsets make the waist large? My mother thinks I should want to wear corsets now. Please tell me what is right. (J. J. M.)
ANSWER—Corsets do make the waist large. They never do a normal young woman any good; they usually do her much harm. Don't adopt corsets ever. Keep on taking a reasonable amount of exercise and your own muscles will do for you what no corset can do in the way of preserving a good figure. Perhaps the grand lady at the corset counter has mother hypnotized.
Twenty-Five Years Ago
Friday, Jan. 3, 1895
Justice S. P. Ming was confined to his home by illness.
Miss Myrtle Pond, principal of the Hartford high school, was visiting Appleton relatives.
Miss Etta Benton, who was a guest in the family of J. A. Hawes, returned home to Fond du Lac.
Dr. Marston of Hartford, who spent the holidays with his daughter, Mrs. O. W. Pond, returned home.
The thermometer standing at 10 degrees below zero and a 30 mile an hour gale filling the air with blinding clouds of dust, formed a combination calculated to cause the average citizen to use strong language.
Father Nussbaum, who was the first pastor of the German Catholic parish in Appleton, died recently in Indiana. He built the first church here about 27 years ago. Father Nussbaum was first located at Green Bay and afterwards at Little Chute before coming to Appleton.
The Irish comedy drama "Shaun Aroon" was to be presented by the members of Columbia club at Columbia hall, Tuesday evening, Jan. 7.
Two hundred persons participated in the pigeon shoot at Otto Stroche's resort on New Year's day. A. H. Wecker carried off the honors, scoring 9 out of 10 birds.
The new officers of the Royal Arcanum were: Regent, F. Heinemann; vice regent, A. W. Tretin; secretary, C. A. Pardee; collector, E. N. Johnson; treasurer, F. H. Chilson; chaplain, N. M. Edwards; guide, F. B. Kramer; warden, R. Reink; sentry, H. J. Schlegel; trustees, A. B. Briggs, Thomas Pearson and S. B. Belding.
Registration for the beginning of the winter term at Lawrence university today previous was very lively and the number of new students that entered was fully up to expectations.
ELECTRIC AGE IS NEAR
By Dr. Charles Steinmetz
Although we are absolutely dependent on our electricity today, we have still only begun to use it. It's use in the home is one example of the field which is just beginning to be opened.
The time will come, and before very long, when all the labor in the home will be done by electricity. In the city present methods of manufacture will be replaced with electrical methods. The present city, with its dust and smoke, will be unknown. It will be against the law to have a fire in the city limits.
Life will then be worth living in cities.
The great achievement of the Nineteenth Century was the development of transportation facilities. That made man as entirely independent of his immediate surroundings as he had been dependent on them 100 years previous.
And yet in transportation we have not nearly utilized electricity to its fullest possibility.
The most active volcano in the world is Mount Sangay, on the eastern chain of the Andes, South America.
It has been estimated that steamers are 20 per cent safer than sailing vessels.

The Rise Of The Ring Battle.
By Frederic J. Hawks

New York—The prize fight seems to be taking on new life all over the world, and in this country especially. The recent Dempsey-Brahnahan bout in New York was enormously attended and seats sold for about 25 dollars each. Fashionable folk turned out to see it, and leading newspapers gave a detailed account of it the place of honor next day. The fact cannot be dodged that the ring battle is coming to occupy very much the place in American life that the bull fight does in Spain.
The game seemed to be getting a black eye a few years ago after the famous Jiggs-Johnson battle. The race rioting which followed that event provoked a general disgust, and Roosevelt, who was then the national arbiter of almost everything, pronounced against the prize fight, although defending boxing as a sport of a high order, and one which he followed himself.
But the revulsion of public opinion was only temporary and the ring fight has been growing in favor ever since. The coming fight between Dempsey and Carpenter is the leading topic of conversation in sporting circles, and the rise of the prize fight in France, and the development of first class fighters in that country, has given the thing a new international aspect. For prize fighting is a new sport in France. England has always had her boxers, but few of them have been able to stand up against the best of the Americans. The English game has always been tamer than ours. The French boxers, on the other hand, are to all accounts the gamest, the most ferocious the world has yet produced. They ask no quarter and they give none. The cries of "stop it," which are generally heard in this country when a bout becomes one-sided and too much blood begins to flow, are never heard in France. The fair ladies of fashion are found at the ringside there as here, and they are said to be the most unmerciful of all. It is probable that our champions will from now on never lack French challengers, and that these international bouts will give the game a new dignity and interest. They will at least be better than the inter-racial struggle which prize fighting threatened to become in this country a few years ago.
A Sign of Decadence
Even so, according to the best scientific opinion we can get, the rise of the prize fight is not a thing for Americans to be proud of. It shows that we are in some sense a decadent people—that we are losing virility.
Whenever you hear a defense of prize fighting you usually hear a defense of boxing. These partisans of the ring fight usually fail to see that there is all the difference in the world between a taste for putting on the gloves and fighting, and a taste for sitting in perfect safety and watching the other fellow fight. The one is an evidence of healthy manhood, and the other an evidence of manhood slightly gone to seed.
The lust for battle is an ineradicable and a necessary part of the human animal. We are all effective in whatever we do just in so far as we are bold and determined fighters. But as cities grow large and life grows soft, the need and the opportunity for physical battle grows less and less. Fifty years ago a man in this country was always in danger of being called upon to fight with deadly weapons or with his fists. But the duel has gone out of fashion and fisticuffs are popular only among small boys. We do our fighting in the law courts, on the stock exchange, and all the relations of business, in labor unions, in legislatures, and in Congress. You fight the boss for a raise, and your wife fights for a certain social position. Life remains a battle, but it ceases to be a physical battle.

THE QUESTION BOX
(Any reader can get the answer to any question by writing The Appleton Post-Crescent Information Bureau, Frederic J. Hawks, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medicinal, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. Is the use of the word "chicken" meaning a young girl, regarded as modern slang? A. M. P.
A. This use of the word is so regarded, but dictionaries recognize its use as meaning "a young or youthful and inexperienced person; a child; also a timid person." At any rate the expression is so old that Jonathan Swift used it.
Q. What qualifications are necessary to become a mail plane pilot? J. J. M.
A. The Post Office Department says that only experienced aviators are considered for such positions.
Q. Are any silkworms raised in the United States? R. O. D.
A. Silkworms are raised on a small scale in the southwestern part of this country.
Q. Are pineapples grown from seed? C. C. H.
A. Pineapples rarely produce seed. They are propagated commercially by setting out the crown at the top of the fruit, slips from the base of fruit, suckers from near the base of the stalk, and rattoons from the roots. Suckers are most commonly planted twice. They usually produce a crop of fruit in from 14 to 18 months.
Q. What is the largest active volcano in the world? G. E. D.
A. The largest continuously active volcano in the world is Kilauea in Hawaii.
Q. What was the total acreage of land grants to the railroads by the Federal Government? I. M. C.
A. Professor Charles Lee Raper in his book on "Railway Transportation" is authority for the statement that the total land grants made by the Government, indirectly through the states during the period 1850-1882 and directly during the period 1862-1871 constituted 160,000,000 acres.
Q. Are there such things as paint mines? E. D. P.
A. All mineral pigments must be mined as other mineral products are taken from the earth. For instance, there are extensive yellow ochre deposits in the Cartersville district in Georgia, the first mine having been opened there in 1877.
Q. Has any of the back pay awarded the Bethlehem workers by the decision of the National War Labor Board ever been paid? C. V. A.
A. The electrical workers have been paid the back pay awarded them, but payment of the amounts due the workers in other occupations has been delayed by necessary auditing work.
Q. Where was the armistice signed? R. W.
A. The Armistice was signed by the Germans at Senlis, a town about 20 miles north of Paris.
Q. Just where is Armenia and who are the Armenians? O. O. T.
A. The boundaries of Armenia have not been fixed as yet, but in a general way it is the region south of the Caucasus and north of Mesopotamia and Syria, touching the Black Sea on the north, the Caspian Sea on the east, and the Mediterranean on the southwest. Forty distinct races are included in the population, Armenians, Turks, Kurds and Tatars predominating.
Q. What is bone coal? B. W.
A. This is a term used especially in the anthracite regions to designate lumps of coal containing shaly matter. In the sizing and sorting of anthracite the bone coal has to be separated by hand or by machinery.

1920 shares the honors with 1921
Mighty fortunate for Old 1920 that we decided to give folks the opportunity of buying our merchandise for men, with

Everything Marked Down 1/3
previous to the Holidays. Otherwise, 1921 would come in for all of the glory. But we're going to be just as good to the New Year for this, our first sale, will continue along the same liberal lines

Society Notes

THE wedding of Miss Beth E. Davis, daughter of Mr. and Mrs. A. H. Davis, 748 Sampson street, and John W. O'Neill, Winchester, Kan., took place at eight o'clock Thursday evening at the home of the bride's parents. Dr. Harry Peabody performed the ceremony in the presence of about twenty guests.

The bride wore a dress of cream satin and point des aenon lace, and carried a shower bouquet of Ophelia roses and narcissus. The couple was attended by Raymond Curry of Chicago, and Miss Vera Davis, sister of the bride, who wore a dress of beaded bisque georgette and carried a shower bouquet of Columbia roses.

A dinner was served following the ceremony. Mr. and Mrs. O'Neill left immediately on a wedding tour to Chicago and Kansas City after which they will be at home at Winchester, Kansas. Out of town guests were Miss Margaret Smith, Osseo; L. W.

Post, Richland Center; Mr. and Mrs. Frank Shaller, Neenah.

Star League Party
The Star League will entertain the young people of the city at a "Thirteenth Night party," Friday evening, Jan. 7, at the First Methodist church. The party will begin promptly at 7:45 o'clock and will be conducted after the manner of an "English Twelfth Night party." Lunch will be served first, during which a king and queen will be chosen by lot. After the crowning of the king and queen, entertainment will be lead by the king's jester, closing with the burning of the Christmas greens, to insure good luck for the coming year.

Monday Club
The Monday club will meet with Mrs. A. H. Wickesberg, Superior street, next Monday. "Stories of Society and its Problems" will be studied. The members will answer roll call with suggestions for the subject for the coming year. Papers will be read on the biographies of Gertrude Atherton and John Oliver Hobbs. Mrs. John Neller will give a synopsis of "The Conqueror" and Mrs. George Packard will review the "Herb Moon."

Entertained in Green Bay
The Misses Gertrude and Mary McDonough, Mr. and Mrs. E. C. Hilbert and P. McDonough of Appleton; and Miss Rosella McDonough of Chicago; who are guests at a house party given by Mr. and Mrs. Charles Huskinson, Green Bay, have been entertained at several functions over the holidays.

Announcement Engagement
Mr. and Mrs. E. L. Packard announce the engagement of their daughter, Nina to Louis N. Sasman of Omro. Miss Packard is a graduate of Lawrence college with the class of 1917. At present she is school librarian at Crystall Falls, Mich. Mr. Sasman is a graduate of the University of Wisconsin with the class of 1916 and holds a responsible position in Omro.

Pythian Sisters Party
Officers of the Pythian Sisters entertained the members Thursday afternoon at Castle Hall with cards. Mrs. Arthur Downer and Mrs. H. K. Pratt won the honors. Refreshments were served. Pythian Sisters will entertain members and friends at an open card party at 2:30 o'clock Thursday afternoon at Castle Hall.

Tuesday Club
The Tuesday Club will meet with Mrs. George Ewen, 636 Atlantic street, Tuesday afternoon. Roll call will be answered with quotations

from Roosevelt. Roosevelt policies will be discussed by Mrs. A. A. Wetzel. Miss Flora Kethroe will give a synopsis of the biography of McKinley.

Party Well Attended
Forty-three tables were in play at the Lady Eagles' card party Thursday evening. Prizes were won by Mrs. H. Rehlander, John Knuljt, Mrs. Frank Schreiter, Chris Schnil and Mrs. N. A. Gmeliner. The next of the series of evening card parties will be held Jan. 20.

Party for Consin.
Miss Marjorie Neller, 650 Washington street, entertained ten guests at her home Thursday evening in honor of her cousin, Hobert Rurch of Ashland. The evening was spent with dancing and games. Prizes were won by Hobert Rurch and Arnold Purvis. Refreshments were served.

Dorcas Society
Dorcas Society of Trinity English Lutheran church will meet Monday evening at the home of the Rev. and Mrs. F. L. Schreckenborg, 707 Oneida street. The business meeting will be followed by a Christmas party. Games will be played and gifts exchanged.

Pastor Will Entertain.
The Rev. and Mrs. A. L. McMillan will entertain members of First Baptist church and their friends at "open house," from 2 until 6 o'clock Saturday afternoon. Music will be furnished and refreshments are to be served.

Watch Night Service.
"Watch night" services will be held, beginning at 7:30 o'clock Friday evening at Zion Lutheran church. There will be services in English at 9 o'clock New Year's day and in German at 10 o'clock.

Clio Club Meeting
Mrs. Peter Thom, 558 College avenue, will entertain the Clio club Monday. Mrs. Otto Kuehnstedt will read a paper on the East India company, and Mrs. John Bottensek will discuss "Clive and Hastings, Sepoy Mutiny."

Dinner for Officers.
Officers and department heads of the Langstadt-Meyer company were entertained at dinner at Hotel Appleton Thursday evening. Matters of interest to the company were discussed.

Sleighride Party
Misses Gladys and Vera Lockery will entertain friends at sleighride party Friday evening to Greenville.

Sister Mary's Kitchen

Flat table silver seems to be the hardest part of the dishwashing on one's hands. The hot water hurts and reddens the dishwasher's hands most uncomfortably. An easy way to rinse the knives and forks and spoons is to put them into a colander. The colander may be set into a larger pan of scalding water to rinse the silver and then lifted out and put on the draining board while the silver is being wiped. The very hot water makes silver wipe much more easily and keeps it brighter.

Menu for Tomorrow
BREAKFAST—Grapes, milk toast with poached eggs, coffee.
LUNCHEON—Shrimp wiggle, crackers, fried cakes, tea.
DINNER—Roasted chicken, mashed potatoes, canned corn, winter salad, cranberry jelly, grape juice parfait, sponge cake, coffee.

My Own Recipes
While cranberries are in season they should be used frequently. The citric acid and iron found in cranberries is especially valuable in the winter diet which is apt to include a greater amount of fat. Two cups of sugar to four cups of berries are used in making jelly. One and one-half cups of sugar to three cups of berries are used to make sauce.

The young people will have refreshments in Greenville and will return home.

Travel Class
Mrs. John Stevens, 401 College avenue, will entertain the Travel Class Monday. Mrs. Mary Stansbury will discuss Eismore and Hamlet and Mrs. Leda Clark will read a paper on Faroe Islands.

Sleighride Party
Miss Dorothy Bellows, 773 Lawe street, entertained eight couples at a sleighride party Thursday evening. After a ride about the city, the party stopped at a restaurant where the guests were entertained with dancing, followed by refreshments.

Elks' New Year's Party
Indications point to one of the most successful parties ever held by the Elks will take place Friday evening at the club rooms. Elks and friends will attend. Music will be furnished by Blackstone's Novelty orchestra.

Entertains Club
Miss Alma Rohloff entertained the members of the Amicitia club at her home, 1051 Superior street, Thursday evening in honor of her birthday anniversary. A six o'clock dinner was served and an evening of social enjoyment followed.

Welcome New Year
Arrangements have been completed for the New Year's eve party at Moose Hall Friday evening. Elaborate preparations have been made to give a rousing welcome to the infant year when he arrives at midnight.

Marriage License
Application to a marriage license was made Friday to H. J. Kamps, county clerk, by James William Bodah of Plymouth and Louise Ber-man of New London.

Dance in Hortonville
Several Appleton people will attend the dance at the Hortonville opera house Monday evening, January 3. Holzer's orchestra will furnish the music.

Wedding Anniversary
Mr. and Mrs. J. D. O'Leary entertained a group of relatives at dinner Thursday evening at their home, Eighth street, in honor of their twenty-fifth wedding anniversary.

Approach Communion.
The Christian Mother society of St. Joseph church will approach holy communion at 7:30 o'clock Sunday morning. The members will meet at 7:15 o'clock at the parish hall.

New Year's Dance
A New Year's dance will be given at Lamers' hall at Little Chute next Monday evening. Stecker Bros.' orchestra will furnish the music.

Military Dance
Members of the local military company will give a dance at the armory Friday evening. Music will be furnished by Park's Iola orchestra.

Sleighride Party
Frank Allrich, Meade street, will entertain a group of friends at a sleighride party Saturday evening.

Aid Society Meeting.
St. Joseph Ladies' Aid society will meet at 2:30 o'clock Tuesday afternoon at St. Joseph hall.

Birthday Club
Mrs. L. O. Schweitzer will entertain the Birthday club Friday at her home on Sixth street.

H. A. DeBauer of Milwaukee, formerly of Appleton, is here on business.

MILK TOAST WITH POACHED EGGS

3 cups milk
1 teaspoon salt
4 eggs
hot buttered toast
Heat milk in a flat sauce pan or use a frying pan. When milk is very hot but not boiling, add salt. Break eggs carefully into milk, cover and cook until the eggs are set, being careful the milk does not boil. Put an egg on a piece of toast and pour over milk. Serve very hot. A sprinkling of paprika and a dot of butter on each egg is quite an improvement.

SHRIMP WIGGLE
2 cups shrimp
1 1/2 cup peas
2 tablespoons butter
1 tablespoon flour
1/2 cup strained tomato juice
speck of soda
1 3/4 cups milk
1 teaspoon salt
1/4 teaspoon paprika
1 egg yolk
Clean shrimps. Melt butter. Stir in flour. Dissolve soda in tomato juice. If the tomatoes are not very acid the soda may be omitted. Add milk to butter and flour. Add tomato juice. Stir until thick and add yolk of egg slightly beaten. Add salt and paprika, shrimps and peas and let get very hot. Serve on toasted crackers or squares of toast.

ST. ALOYSIUS TEAM WINS FROM MENASHA

St. Aloysius cagers defeated Menasha 16-15 in a fast game Thursday evening at the Y. M. C. A. Leo Konz starred for the local team while Hahn of Menasha made the best record for the visitors. Both teams showed real team work and a plentiful supply of "pen."

The score was made a tie after about one half minute's play in the second half. The game was fast until the whistle blew.

The line-up:
St. Aloysius—Verbrick, Schommer, Reider, Stingle, forwards; F. Konz, center; Stoger, Stoegbauer, L. Konz, A. Lietur, guards.
Menasha—Stip, Ceshe, Hahn, forwards; Farbeck, center; Echric, Cony, Winz, guards.

Fernald G. Cavert has returned to duty aboard the U. S. S. Columbia, stationed at Philadelphia, Pa., after spending a 15 day furlough with his parents, Mr. and Mrs. Fred Cavert.

Woman Thinks She Is Privileged to Talk

"If anyone ever had a miserable stomach I surely had. It was growing worse, too, all the time. Had severe pains and attacks every ten days or two weeks and had to call a doctor, who could only relieve me for short while. Two years ago last February I took a treatment of May's Wonderful Remedy and I have not had a spell of pain or misery since. My friends just wonder that I am looking so well. I feel I am privileged to talk about it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.—All druggists. adv.

The passing of the old year marks another milestone in our business growth and, in accord with our policy, we shall continue our endeavor to provide the very best quality of merchandise at lowest possible prices during Nineteen Twenty-One.

We thank our customers for their generous patronage, which has made possible the increased value and service of this business to the people of this section.

Our store will remain closed New Years Day.

SAGE AND SULPHUR DARKENS GRAY HAIR

IT'S GRANDMOTHER'S RECIPE TO RESTORE COLOR, GLOSS AND ATTRACTIVENESS

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive. adv.

IT LOOKS LIKE NEW!
That's the most usual comment heard on every side from hundreds of our satisfied customers. It's the remark that always accompanies that return of a soiled dress, wrap or suit, etc.

3 YEAR OLD CHILD BURNED TO DEATH

Baby Catches Fire When She Spills Kerosene on Her Clothing.

Milwaukee — Helen Beninski, 3 years old, died at Emergency hospital at 5:20 o'clock Thursday afternoon, nearly three hours after she was terribly burned when her clothing caught fire in her home at 153 North Lake avenue.

Jennie, her 8 year old sister, is suffering from burns on her hands and

WOMAN ASKS \$40,000 FOR FALL ON SIDEWALK

Marinette—Mrs. Julia Lynch and her husband, Thomas Lynch, have begun suits against the city of Marinette and the Marinette Water Co. for damages aggregating \$40,000 for an injury sustained by Mrs. Lynch when she fell on an icy sidewalk. It is claimed the ice formed because of a leaky pipe of the water company and the city is sued for not making the walk safe to walk upon. The suit against the city is for \$5,000 and two suits against the company are for \$35,000.

arms. She had tried to save her little sister when the flames enveloped her body.

The mother had gone out and left the four little girls alone. Jennie went to the basement to get wood for the stove, leaving Irene, 4 years old, Anna 2 years old, and Helen, alone in the living room.

Dress Catches Fire
Helen's dress was set on fire when she spilled kerosene on her clothes and stood near the stove to dry them, the girls said. Jennie was half way up the stairs when she heard the screams of her sisters. She dropped the armful of wood and rushed to the room. Helen's dress was burning.

Jennie seized her little sister's hand and rushed out of doors with her when she could not beat out the fire. Toddlers, the little pool of dog, followed barking frantically and biting at the burning cloth. He had pulled off nearly all she burning clothes before neighbors arrived.

SANATORIUM SITE IS TO BE RESUBMITTED

Fond du Lac—The site committee on the tri-county sanatorium, to be built by the counties of Fond du Lac, Dodge and Washington, held its third and final conference in this city and decided to stand by the original report as submitted to the counties. The report will be resubmitted to the Dodge county board, which deferred action, at the January session and the project will stand or fall on the same recommendation on which it was adopted in Fond du Lac and Washington counties. James Healy, Dodge county, is the only member of the committee who refused to endorse the site selected by the committee.

Mr. and Mrs. S. L. Ray and daughter Idela and Mrs. A. Yankee were Oshkosh callers Monday.

H. W. Tickler spent the week end at Green Bay.

Mrs. M. E. Krueger made a trip to Oshkosh Monday.

John Lesselyong and Donald Ruppel were Oshkosh visitors Friday.

Mrs. Lora Root, has returned from a few weeks' visit with relatives at Antigo.

Mr. and Mrs. Irving Zuelke of Appleton spent Christmas at the E. W. Bryner home.

Earl Laabs of Appleton was a caller here Sunday.

Mrs. R. A. Maddock of Oshkosh spent Saturday and Sunday here.

Miss Idela Ray of Red Lodge, Montana, is spending this week with her parents, Mr. and Mrs. S. L. Ray.

Mrs. D. Yankee and Miss Florence Crosby were Oshkosh callers Thursday.

Raymond Ruppel made a trip to Oshkosh Wednesday.

T. D. Brown of Oshkosh was a business caller here Thursday.

Miss Nora Sweet of Twin Bluffs is visiting relatives in this place.

Mrs. Della Lockwood and daughter Gladys of Clintonville, visited at the A. E. Cooper home Monday.

SHEBOYGAN JEWEL THIEF CAUGHT IN MILWAUKEE

Sheboygan—The burglary of the Rudnick jewelry store early last Tuesday morning has been cleared up in the arrest of William Leubow, 1412 Superior avenue, this city. He has made a complete confession and the stolen diamond rings have been located and recovered. Leubow had been in Milwaukee. He came here and registered at the Hotel McCormack. He then committed the deed in the early morning hours and returned to Milwaukee via the blind baggage, and sold one of the best rings to a jeweler off of Grand avenue. He then became intoxicated and was taken into custody by the Milwaukee police, who found the remaining rings on his person. There were two Tiffany diamond rings and four flat diamond rings.

PLANT LESS GRAIN THAN LAST FALL

Dry Weather in Early Fall Made Planting Conditions Somewhat Uncertain.

Madison—Wisconsin farmers sowed 56,000 acres less of fall grains '11 than they did a year ago, states Joseph A. Becker of the co-operative crop reporting service in his December crop report. Total acreage this fall was 521,000, compared to 577,000 sown in 1919. Dry weather in the early fall made it difficult to plow and fit the soil for fall planting. Dryness of the soil also made fall planting seem somewhat uncertain and risky.

Because of ample rainfall and mild weather in the late fall, however, all grains made an excellent growth and entered the winter in fine condition.

Area planted to winter wheat is estimated at 86,000 acres, compared to 94,000 planted in 1919 and a five year average of 96,900 acres. Condition on Dec. 1 was 91 per cent of normal.

Area planted to rye for grain this fall is estimated at 435,000 acres, com-

A FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or habit producing drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder remedy.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded from vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for every-thing.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is with every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper, adv.

TRAIN CADET NURSES AT SCHOOL IN MILWAUKEE

Madison—Another step in recruiting a better supply of nurses in Wisconsin is the offer of the Milwaukee bureau of home nursing to train young women to become cadet nurses. The principal entrance requirement is an education equivalent to eighth grade. The school will give two months each of theoretical, hospital and practical training.

Upon completing the course the student is given a special uniform and designated as a cadet nurse, and is expected to enter into arrangements by which she will continue cadet nursing for at least two years. The entire training course is given without charge. The school is at 808 Jackson street, Milwaukee.

This plan for nurses' training is approved by the state board of health, which is especially concerned in having a sufficient number of capable young women take up nursing. There is a large field for both practical and graduate nurses.

pared to 433,000 harvested in 1920 and a five year average of 438,000 acres. Condition on Dec. 1 was 94 per cent, compared to 95 in 1919.

Because of the late, mild fall, plowing was carried on much later than usual. It is estimated that 67 per cent of farm lands were plowed this fall, compared to 61 per cent in 1919.

Wages paid for farm hands in 1920 averaged much higher than previous years. Monthly rate for year-around hands is estimated at \$63.50 with board and \$83.50 without, compared to \$48.70 and \$69 in 1919, \$42.50 and \$60.20 in 1918 and \$35.50 and \$40 in 1915.

Day rate for harvest hands with board was \$4.10 and \$4.90 without, compared to \$3.30 and \$4.02 in 1919, \$3.00 and \$3.64 in 1918 and \$1.53 and \$2.25 in 1915.

Production of sugar from beets grown in Wisconsin is estimated at 29,400 tons, compared to 15,500 tons in 1919.

MARINETTE COUNTY PLANS TO SCHOOL ITS FARMERS

Marinette—What is believed to be the most comprehensive agricultural short course to be given in any county in Wisconsin, and to be given in a greater number of communities, is announced for this winter by the Stephenson training and agricultural school of Marinette county, in association with County Agent Sibole and Mrs. A. B. Schwartz, county superintendent of schools.

Beginning at Crivitz, Feb. 4 and 5, the course will be given on each succeeding Friday and Saturday at the high schools of Coleman, Beaver, Atholstone, Wausauke, Amberg, Pembine, Dunbar, Walsh, Peshigo and Goodman, concluding April 8 and 9 at the place last named.

Principal A. C. Cook of the Stephenson school will give a course on live stock. Supt. Morton on grains, County Agent Sibole on potatoes, and Mrs. Schwartz on matters of interest to women.

NEWS AND PERSONALS ABOUT PEOPLE OF ISAAR

(Special to Post-Crescent)

Isaar—Mr. and Mrs. John Kroner are the parents of a baby boy. Mike Sigl was home from Green Bay to spend the holidays with relatives and friends.

Miss Laura Kallioher is spending a few weeks at the John Kroner home.

Miss Edna Snell of New London is spending a few weeks' vacation with her parents, Mr. and Mrs. F. Snell.

John Lambert returned home from a few weeks' visit at Taylor, Wis.

Miss Gertrude Ebert of Appleton is home for a few weeks' visit.

Several Isaar people attended a dance at Briarton last Sunday evening.

Anton Dextler spent a few days with his parents at Brillon.

Mr. and Mrs. John Reimer of Flintville spent Sunday with John Kroner.

Mrs. John Eberwick returned home from a Green Bay hospital where she underwent an operation.

Miss Arlene Sorenson is very ill. Mrs. Rena B. Brady of Spokane, Wash., is here in the interest of the Spokane Wild Rose Oil Co. She will spend several months with her sister, Mrs. Frank Snell.

Edwin Kroner and Ray Ulmer are home from Appleton where they are attending business college.

Frank Ebert spent a few days with his parents at Brillon.

Miss Miriam Meredith, teacher in Dist. No. 9 is spending her vacation with relatives at Hortonville.

Misses Frances and Mary Ulmer were at Green Bay where they were receiving treatment for their eyes.

Last week it was said Herman Graef was at the asylum in Appleton. It was a mistake. He is in Appleton at a sister's home.

Father Husslein is spending a few weeks at Manitowoc and Milwaukee.

Miss Gladys Canham, teacher in Dist. No. 6 is spending vacation here relatives at Kaukauna.

Miss Mildred Snell spent last Wednesday with friends at New London.

SWEAR OFF TOBACCO

"No-to-Bac" has helped thousands to break the costly, nerve-shattering, tobacco habit. Whenever you have a longing for a cigarette, cigar, pipe, or for a chew, just place a harmless No-To-Bac tablet in your mouth instead, to help relieve that awful desire. Shortly the habit may be completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. adv.

MEN WEAR CORSETS AND APPLY BEAUTY TOUCHES

Green Bay—The men are wearing corsets, having their hair marcelled and eyebrows plucked.

They've gone right out after local beauty honors. There was indication of this at last night's charity ball, the big event of the social season here.

For several days previous to the ball, the several beauty shop proprietors declare, young and old men stormed their places, demanding various beauty treatments.

"Barbers are all right in their line, but the men are demanding the little touches of beautification that milady has used to such success for years past," said one beauty doctor.

"But we haven't got time for them." A canvass of the beauty shops disclosed the fact that there were dozens, yes scores, of men right in Green Bay who are wearing corsets.

"Most of them do it to keep down their waistlines," said a corsetier.

Milk Consumers Take Notice!

Slowly but surely the value of milk and its products is being brought before the public by demonstrations in various places. A recent letter from S. B. Elmore, milk inspector for Chattanooga, Tennessee, reads as follows:

"You will possibly be interested to know that Chattanooga believes in milk, enough so that the Department of Health and Education, beginning Monday, December 6th, will establish milk stations in each and every city school.

"This city maintains seventeen schools, and has an attendance of 8,834 children. Arrangements have been effected to supply those children who are unable to pay for the milk. This excellent achievement is one which we believe no other city can boast of, as many cities have established milk stations in a few of their schools, but Chattanooga has made it city wide.

"By our children getting plenty of wholesome milk, we know they will gain weight, the hollow chests will fill out, shoulders straighten, their nutrition improve rapidly, and they will develop keen eyes, good colors and the abundance of energy that normal children should possess.

"Where children get plenty of milk they are less fidgety, less backward in their studies, and are more joyous and have better dispositions.

"The exact results of this new project in our schools will be watched with keen interest, and statistics compiled, in view of the fact that other cities may be benefited."

City Mothers

If the good mother in every city home knew how some dairy farmer and his cows were working for her, she would get a divorce from her husband and disown her child the next time they perchance might venture to complain about the cost of milk.

Someone, over in Ohio, who has considerable ability at figuring out practical problems, has presented us with the information that every dairyman and every family head should possess.

He tells us that the average family consumes 68½ gallons of milk per year and that the average cow has to work 39 days to produce this amount. And, in order for her to do this, she must have three-tenths acre of pasture, 685 pounds of silage, 48 pounds each of cottonseed meal and oil meal, 48 pounds of corn, 50 pounds of oats, 190 pounds of hay, 106 pounds of corn stover and three pounds of salt. She also requires 170 pounds of material for bedding, and 18.2 hours of a man's time is necessary to milk her 78 times. To all of this must be added the numerous other items entering into the cost of milk, aside from the original investment, such as upkeep of the dairy barn and its equipment for feeding and watering the herd, taxes, insurance, bull and veterinary service, transportation of milk through the country plant to the city plant, where the milk is clarified, tested, pasteurized, iced and put into sterilized bottles. Then every day, for 365 days in the year, rain or shine, the milkman must leave the quart of milk on the back step. At 12c per quart this service is provided for the average family at a total cost of \$43.80.

Surely milk is cheap. It will be a happy day for the dairy farmer when through his organization he can make it fashionable for the average family to talk about how cheap milk and its products are instead of talking about how expensive they are without really knowing anything about the subject.

Turn over a new leaf with the New Year, and use "Our Pasteurized Milk" the only safe milk to use against contracting tuberculosis and other ravaging diseases; besides you can get a set of Rogers' Silverware "Free," for, on and after January 1st, 1921, we will give Roger Coupons with every cash purchase of 1 quart of our Pasteurized Milk. RAILWAY MAIL CLERK EXAM HERE JAN. 15

Civil service examinations for railway mail clerk will be conducted here January 15, according to notice received by Herman J. French, secretary of the local examining board.

There appears to be a shortage of clerks in the tenth division, which includes Appleton, and immediate appointment is promised applicants who pass this examination with good standing.

Entrance salary for these positions is \$1,600 a year. Clerks on duty away from home are allowed \$2 per diem. Salary increases are granted according to length of service and ability.

The examination will be on common school subjects, including spelling, arithmetic, letter writing, geography of the United States, penmanship and copying. Information is obtainable at the federal building.

Town Talk

493 Marriage Licenses

Forty-four more marriage licenses were issued by the county clerk in 1920 than in 1919. The total number issued last year was 449 and the total number issued this year was 493. Twenty-four licenses were issued during the month of December.

Office Open Evenings

The city treasurer's office will be open for the collection of taxes each Monday evening from seven to eight o'clock during the month of January. The regular office hours of the treasurer are from nine to twelve o'clock in the morning and from 1:15 to four o'clock in the afternoon. No telephone calls are answered before or after those hours.

Music For Forum

An organ recital by Miss Brenner will constitute the special musical program at the Forum meeting Sunday evening at the Memorial Chapel. Miss Brenner will play three numbers: "Stars and Stripes Forever," Sousa; "Quartet from Rigoletto," Verdi; "Cavatina"—Rossi. Community singing will be led by Chester Roberts with Mrs. T. W. Lazer as soloist.

NEED NEW POLICY TO SAVE FORESTS

Reforestation Activities in State Have Decreased Each Year.

Madison—Both state and private forestry activities show a diminution for the last two years, as contrasted with the peace period, when forestry was in process of establishment in Wisconsin. For the four years past, state and private tree plantings were as follows:

	State	Private
1917	732,625	272,300
1918	633,020	220,041
1919	311,000	198,496
1920	114,000	206,622

These figures are from shipment reports of the state nurseries, which not only replenish the waste areas on state lands, but sell trees at cost to lumber companies or individuals. While state activity has been halted, private concerns for the first time, in 1920, exceeded the state.

Need Consistent Policy

If the approaching legislature takes hold of the forestry problem to develop a consistent policy, this condition will be temporary. In the opinion of conservationists and the heads of the lumber and wood working industries, reforestation is among the more pressing problems for those states which possess large areas suited only for timber culture. Wisconsin is one of these states.

Only by state activity may the great devastated areas of the north be speedily reclaimed for forestry. A constitutional amendment is necessary to enable the state to own and manage a forest reserve. Under a decision of the supreme court tree planting may be carried on under the police powers to maintain or increase the value of the school lands. Forestry advocates will support a constitutional amendment in the next legislature and favor an appropriation of the lands now held by the land commissioners for the schools.

Private Work is Boon

From 1914 to 1920, inclusive, private concerns planted 1,014,859 trees from the state nurseries. The co-operation of citizens of the state is important in the absence of the constitutional change which would enable the state to operate freely.

Tax exemption of land used for forestry, up to 40 acres for a single individual, is now provided for in a conservation statute. For practical purposes the exemption is small, and the operation of the law is linked with so much red tape that no one has taken advantage of it. The principle of tax exemption will probably be applied in any further legislation. One proposal is to fix the value of forestry land for a long term of years, so the owner will know in advance his obligations to the state. This plan would also exempt growing timber entirely from taxation, and tax it only when it is cut.

Miss Mabel Reiter will spend New Year's day in Milwaukee.

Deaths

BRILL FUNERAL

Those from out-of-town who attended the funeral of the late William Brill Wednesday were Mrs. Frances Lamers and son William Held, Milwaukee; Mr. and Mrs. John Hyde, Green Bay; Mr. and Mrs. George Freiberger, Mrs. K. Schaller and Linus Danke, New London; Mrs. William Hoks and son Henry, DePere; Mr. and Mrs. Robert Brill and son Edmund, Mrs. Mary Best, Miss Della Brill, Mr. and Mrs. Peter Kauth, Mr. and Mrs. Matt Brill, Mr. and Mrs. Otto Koch, Mr. and Mrs. Nicholas Haupt, Albert DeCoster, Peter Thelen, Daniel Ryan, William Ditter, George Emmers, Malachai Ryan and Armand Dogot, Kaukauna; Henry Brill, Beloit; William Goenen and daughter Laura, Kimberly; Peter Williamson and daughters, Miss Leone Bosman, Freedom.

The pallbearers were Thomas H. Ryan, John Roach and A. W. Finnegan, Appleton; L. C. Lacasse, M. Klein and John Gerold, Kaukauna.

MRS. FRED GRUBS

Mrs. Fred Grube died at two o'clock Friday morning at her home, 803 State street, after a lingering illness. She was born in Germany 87 years ago and came to the United States in 1883. She is survived by two daughters, Mrs. Henry Brookhyster and Mrs. William Roocks of Appleton, four grandchildren and one sister in Germany. The funeral will be held from the late home at 12:00 o'clock Monday afternoon and at two o'clock from Zion Lutheran church, the Rev. Theodore Marth conducting the services.

Births

A son was born to Mr. and Mrs. William McCarey, 405 Outagamie street, Thursday evening.

College Opens Tuesday

Lawrence College will reopen its doors to students Tuesday morning, after a seventeen day vacation. The faculty granted the petition of the students for classes to commence Tuesday instead of Monday, in order to allow more students to spend New Year's day at their homes. The students will make up the additional day of vacation by attending classes scheduled for Friday on Saturday.

Miss Maud Haas of Kaukauna, was a caller in this city Thursday.

Miss Mary Malone left Friday morning for a visit with friends in Chicago.

MOUNDS COMPANY FILES INCORPORATION PAPERS

The Mounds company, 312 College avenue, filed articles of incorporation with A. G. Koch, register of deeds, Friday. The capital stock is \$100,000 and the incorporators are J. Versteeg, J. P. Frank and J. M. Ballet. The object of the company, among other things, is to acquire by purchase mines and mineral lands, oil and gas lands and to carry on drilling, boring and digging for oil. The business is to be conducted in Oklahoma and especially in Creek county.

GIRLS' BASKET TEAMS TO PLAY CURTAIN RAISERS

Two girls' basketball teams will play the curtain raiser to the Inter-

Home-made Potato Chips are superior to factory made. We have real, whole chips.

Wichman Bros.

Lakes-Diamond Match Co. team at Armory G Saturday evening. The Midgets, one of the strongest girls' teams in the Fox river valley, will stack up against a squad representing Appleton Woman's Club.

War Veterans Install

The C. O. Baer Camp of Spanish-American war veterans will install their new officers next Tuesday evening. The ceremony will be preceded by a theatre party at one of the local playhouses.

Registered Holstein of Quality

Raise the Best. It is cheaper to breed and raise them than to buy them. It's easy. Breed your best cows to a son of Sadie Gerben Henserveld DeKol, Wisconsin's first and only 40 lb. butter cow, 732 lbs. milk, test 4.1—40.04 lbs. butter in 7 days.

If your cow has a 20 lb. record the offspring, 2 nearest dams will average 30 lbs. butter in 7 days.

26 lb. record, average 33 lbs. 7 days
30 lb. record, average 35 lbs. 7 days
34 lb. record, average 37 lbs. 7 days

The Best Amusement Organization Ever on Tour

Coming to the Davidson Theatre Milwaukee—7 Nights Starting Sunday January 9th Matinees, Wednesday-Saturday

In announcing Guy Bates Post and his excellent company as the best amusement organization ever placed on tour I am only repeating the opinion expressed by every theatre manager where this matchless attraction has been presented.

When negotiations began to have Mr. Post REMAIN in the United States during the present season, his Manager, Richard Walton Tulley, had already completed arrangements to have Mr. Post and his unusually excellent company appear in Mr. Tulley's theatre in London in both "Omar the Tent Maker" (his former success) and "The Masquerader," in which Mr. Post has been so phenomenally successful the past four seasons.

Sothern and Marlowe's announcement—they would remain abroad during the present season brought The Associated Theatre Managers of the United States to the determination not to have the two leading Dramatic Attractions—Guy Bates Post and Sothern and Marlowe—both absent from America at the same time, and as Mr. Post had but recently toured Australia, it was deemed best to have him again tour the United States before making a prolonged run in London and the English Provinces.

THE BOX OFFICE WILL BE OPEN FOR REGULAR SALE OF SEATS, MONDAY, JANUARY 3RD.

MAIL ORDERS will be filled in order received now, when accompanied by cheque or Postoffice money order, together with self-addressed stamped envelope (to avoid error) — add amusement tax of 10%.

The mail orders and advance sale for this unusual attraction will undoubtedly be the largest in the history of the theatre and we earnestly suggest early application for seats.

Prices are—Boxes, \$3.50 and \$5.00; First floor, \$3.00. Balcony \$2.50, \$2.00, \$1.50; Gallery, \$1.00 for nights and Saturday matinee performances.

Popular Wednesday Matinee—Boxes, \$3.00 and \$2.50; First floor, \$2.50; Balcony, \$2.00, \$1.50; Gallery, \$1.00.

Respectfully,
SHERMAN BROWN,
Manager Davidson Theatre, Milwaukee.

No one seated during the prologue. Curtain 8:15. Saturday and Wednesday Matinee, 2:15. Conveyances at 5 and 11.

Appleton Can Be Proud Of Its Record For 1920

Many Events of Importance
Transpired in Year End-
ing Today.

If New Year's day serves no other useful purpose it at least provides an excuse for reviewing accomplishments and failures of the year just ended and for resolving to increase the number of accomplishments and reduce the failures in the year just ended.

Many events of more than ordinary importance occurred in Appleton in the year now on its last legs. Father Time's record book contains glowing accounts of accomplishments and also a few failures, but as a general thing, Appleton made progress in 1920.

Mayor J. A. Hawes believes that extension of suffrage to women was the most important event of the year. True, this is not an Appleton accomplishment, but its effect is expected to be particularly noticeable here and rightly is classed among the events of paramount importance.

"The public school question, before the public during the last year to a greater extent than ever before, is now in the hands of a committee," Mr. Hawes said. "I believe the progress made in solution of that prob-

lem should be included in the city's accomplishments. Other events of importance are completion of fire department motorization, adoption of one assessor system, increased salaries to city officials, school teachers and city employees and maintenance of city streets."

"In my mind, the greatest event in the year 1920 in educational affairs, is the step toward uniting the school districts," said W. S. Ford, director of Appleton Vocational school. "Two things which come under that head are the formation of the Principals' association and organization of the four district school boards into a sort of cooperative body."

The Principals' association includes heads of the high school, the four district schools and the director of the vocational school. The body meets once a month to discuss educational problems in the city.

"Those are the things in educational work which I think are exceedingly important," said Mr. Ford. "Whether Appleton has a union system with the superintendent of schools as the executive, the movement toward a union of educational forces is a step in the right direction. A city the size of Appleton cannot afford to have six isolated and independent units in its educational system."

"Extension of evening work of the continuation school into the city schools offers two points of significance. It provides a better opportunity for adults of the city who wish to continue their study, and it provides for a fuller use of the school buildings."

The city of Appleton has experienced no great robbery, holdup, murder or similar form of lawbreaking, not only in the last year, but for several years. The police department prides itself on having recovered 20 stolen cars in the course of the year, and turned 32 fugitives from justice over to proper authorities.

The robbery of Appleton homes of their alcoholic contents and the finding of an abandoned baby on the steps of a convent were the most important cases of the year, because in neither case was there a clue to work on except a knowledge of the ways of the robbers, and finding of a lunch basket beside the baby.

The robbery took place in April. Five men were implicated. A public utility man who drew plans of the basement and indicated the window where entrance could be most easily made, a saloonkeeper who agreed to buy the liquor, and three men who did the actual work of removing the liquor from the basements. Three homes had been robbed before the men were caught. Confessions from three of the men were obtained. Arrests were made by chief Prim and detective Duval.

Appleton has had no great fire calamity. The important event in the

TREAT ALL COLDS WITH TURPO

Don't trifle with a cold. Every winter millions of cases of serious illness result from neglected colds. Grippe, influenza, pneumonia, catarrh and other troubles have their origin in colds.

At the first sign of a cold—a sneeze, nature's danger signal—apply Turpo. Turpo is first-aid for every cold trouble. It is a combination of the old reliable remedies, distilled Turpentine, Camphor and Menthol, in a clear mineral base. It carries the medication right through the skin to the root of the trouble. Turpo gives immediate relief, removing the cause of the trouble without blistering the skin or staining the clothing.

Every doctor uses the ingredients of Turpo in his practice. Your doctor will confirm that it is a safe, dependable home remedy. Every druggist knows the value of Turpo and sells it on a guarantee of money back if not satisfactory.

Mothers with small children find Turpo especially valuable. Many will not be without a jar of Turpo in the house. Sold in white opal jars with the orange and black label, at 30c and 60c.

TURPO

For every Cold and Congestion

PINK MITCHELL SIGNS TO FIGHT JACKSON

Milwaukee—Pinkie Mitchell has a tough fight ahead. Word comes from New York and is confirmed there that Pink will do battle for fifteen rounds with Willie Jackson, before Tex Rickard's Madison Square Garden club in Gotham on Jan. 7, six days after his contest with Dennis O'Keefe of Chicago, which is carded to be staged at the Auditorium Saturday afternoon, New Year's day.

Mitchell is rapidly rising to the front in pugilism. His recent performance has stamped him as one of the best of his weight and the fact that Rickard selected the local nee to box Jackson merely proves that they think a great deal of Mitchell's ability throughout this wide country.

The weight for the O'Keefe match on Saturday is set at 143 pounds at 10 o'clock in the morning. Pink has agreed to scale 135 pounds at 2 p. m. on the date of the Jackson conflict. That's quite a drop, but Mitchell is eligible for the welters and on the other hand can also make the lightweight poundage.

Christmas Party Ends
in Quarrel and Murder

Darlington—Fred Blaser, 39 years old, is confined in the Lafayette county jail accused of killing Ernest Stadler Christmas night.

A dozen Swiss cheesemakers gathered at the Oak Grove cheese factory for a party. There was an abundance of wild grape wine, home brew and a card game.

A quarrel followed and Blaser claims he shot Stadler in self-defense. Blaser walked to the city and spent the remainder of the night with a friend, never mentioning the affray. Sunday morning he arose and after breakfast went out for a walk.

He was detected by Sheriff Smith and Chief of Police Moran and placed under arrest. He still carried the revolver with which he did the shooting.

The trial will not be held until the June term of circuit court.

Frank Hoffman of White Lake, spent Thursday here on business.

Heals Running Sores and Conquers Piles

Also Stops All Itching of Eczema Almost Immediately

"I felt it my duty to write you a letter of thanks for your wonderful Peterson's Ointment. I had a running sore on my leg for one year. I began to use Peterson's Ointment three weeks ago and now it is healed."—A. C. Gilbrath, 703 Reed Street, Erie, Pa. "I'd rather get a letter like that, says Peterson of Buffalo, than have John D. Rockefeller give me a thousand dollars. It does me a lot of good to be able to be of use to my fellow man."

For years I have been selling thru druggists a large box of PETERSON'S OINTMENT for 35 cents. The healing power in this ointment is marvelous. Eczema goes in a few days. Old sores heal up like magic; piles that other remedies do not seem to even relieve are speedily conquered.

It stops itching in five minutes and for acids and burns it is simply wonderful. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y. adv.

SHAWANO EQUITY WANTS TO QUIT

County Convention Recommends Withdrawal From Wisconsin State Union.

Dissatisfied with the financial condition of the state union of the American Society of Equity, delegates from 22 of the 23 equity locals in Shawano county, at a convention Wednesday afternoon, recommended that the county union withdraw from the state and national organizations. All other county unions in the state are urged to take similar action.

Delegates to the convention were not empowered by their locals to vote them out of the state association but it was said they represented the sentiment of a majority of members. Another convention has been called for January 22 at Shawano to take final action. In the meantime a spirited fight between friends and enemies of the state union is in prospect.

C. B. Ballard of Grand Chute and National President Madison were among the speakers. According to Chris Stollen, Wittenberg, county president, it had been decided not to permit outside speakers at the meeting but it was difficult to refuse permission to the national president to speak. Inasmuch as he was privileged to talk, permission was also given to Ballard who urged withdrawal from the state union.

"IT WAS GODSEND TO ME" SHE SAYS

Milwaukee Woman Says Tanlac Has Restored Her To Splendid Health

"Although it has been two years since Tanlac relieved my suffering and built me up, I'm still feeling fine," said Mrs. Mary Koehler, of 125 1/2 Howell avenue, Milwaukee, Wis.

"For nearly six years I suffered dreadfully from stomach trouble. After eating I'd bloat all up with gas, and lots of times felt like I was smothering and would actually gasp for breath. I had rheumatism in my arms and shoulders till they would swell and hurt me fearfully. I was badly constipated all the time and so nervous I couldn't sleep.

"I had lost weight, was very weak and my whole body seemed tired and worn out. Then I heard of Tanlac, and it was a godsend to me. I got better fast, and in just a little while my stomach was all right, my appetite was fine, the rheumatism and constipation left me, I gained eighteen pounds and have been a well and happy woman ever since."

"I can never praise Tanlac enough for what it did for me. I keep a bottle in the house all the time and never intend to be without it."

Tanlac is sold in Appleton by John J. Voigt; F. O. Brown, Shiocton; Dr. J. M. Sattler, Bear Creek; H. E. Abend, Dale; R. E. Lowell, Little Shute. adv.

IVEAUX F. MILLER IS LIEUTENANT IN GUARD

Iveaux F. Miller, World war veteran, has been commissioned lieutenant in the Wisconsin National Guard, according to information received from Adjutant General Orlando Hotway of Madison. Lieut. Miller has been assigned to duty but it is believed he will be connected

with the Appleton company and will have charge of the clerical work. Lieut. Miller enlisted in Company G of the Second Wisconsin regiment several years ago. He served on the Mexican border and in Europe. He was company clerk for about five years.

Mrs. John Planner, who was called her by the death of her sister, Mrs. Max Planner, has returned home to Chicago.

BUSINESS MAN ENDS 20- YEAR SEARCH—FINDS KOZAK

"For twenty long years," began Robert A. Stammer, proprietor of the Badger Decorating Co., 849 Meade St., Appleton, Wis., "I suffered from stomach trouble and nervousness. I took medicines and treatments of all kinds but not until I took Kozak did I secure any actual results. Today I feel 100 per cent better and I give all the credit to Kozak. Instead of laying awake nights I sleep much better now. My appetite is improved and in fact my general health and feelings have been greatly aided by Kozak, which convinces me that I have at last found a medicine that has true merit. I certainly do recommend Kozak for those suffering from stomach trouble, indigestion of the heart, nervousness and run-down system. I got the above relief from taking only one bottle."

Kozak the "10,000 Formula" is being sold at Schlitz Bros., Hortonville by E. J. Gitter; Kaukauna, Kaukauna Drug Co.; New London, H. W. Spear; Neenah, Marsh Bros. Kozak is often called the "Master Medicine" because it seems to quickly master when all else fails. adv.

PRICES STRONGER ON GRAIN MARKET

Improvement in Flour Trade Causes Gradual Increase in Wheat Price.

By United Press Leased Wire
Chicago—Improvement in the flour trade caused a strengthening of wheat prices on the Chicago board of trade today, slight advance being recorded in most quotations. Other grain prices were irregular.

Trade was light due to the holiday. Provisions were irregularly higher. December wheat opened up 1/4 at \$1.71 1/2 and gained 1/4 later. March wheat opened off 1/4 at \$1.66 1/2, gaining 2 1/2 subsequently. May wheat was down 1/4 at the opening, \$1.61, advancing 2 1/2 before the close.

December corn lost 3/4 at the opening, 70 1/2, holding that figure in later trading. May corn opened down 1/4 at 74 1/2, but gained 1/4 later. July corn opened up 1/4 at 74 1/2, and advanced 3/8 before the close.

December oats opened unchanged at 46 1/2, advancing half subsequently. May oats were down 1/4 at the opening, 49, and gained 1/4 later. July oats opened off 1/4 at 43 1/2 and lost an additional 1/4 later.

APPORTION \$3,500,000 TO COMMON SCHOOL FUND

Madison — Apportionment of the common school fund of the state was sent by State Supt. C. P. Cary to Secretary of State Hall today. The total amount was \$3,534,961.25. This fund was made up of a balance of \$200,068.77, of \$200,000 in corporate taxes, of \$136,403.46 as interest on school and special loans and \$2,999,489 from the seven-tenths mill tax for the support of the common schools.

Out of this fund comes the salary and expenses of supervising teachers, amounting to \$217,500; \$30,000 aid for first class rural schools; \$15,000 aid for small districts; \$50,000 aid for rural teachers and \$50,000 aid for transportation, leaving the amount available for distribution, \$3,169,064.95.

The report declares that there are 130,831 children of school age in Milwaukee, making a total of \$18,685. Because 10 cents for each child of school age outside of Milwaukee goes to the teachers' retirement fund the per capita which each child draws to the district is 10 cents higher for Milwaukee than for the rest of the state. The report gives the per capita rate for Milwaukee as \$3.87 and \$3.77 for outside of Milwaukee. The teachers' retirement fund received a total of \$68,789.49.

It is not the fashion in Russia to supply bed-clothing, even in the best hotels. The traveler is expected to bring his sheets and blankets with him if he requires them, and the custom is also observed in private houses. It is stated that the perfume of flowers disappears as soon as the starch in the petals is exhausted. It may, it is said, be restored by placing the flowers in a solution of sugar, when the formation of starch and the emission of fragrance will not be at once resumed.

Mrs. William Slekmán, who has been visiting in the west, returned to her home on Durkee street.

SHEEP — Receipts 500; market about 25 cents lower; lambs 11.00; ewes 4.25.

FIGHT MOTHER'S EFFORT TO TAKE BACK HER CHILD

Habeas Corpus Proceedings Are Heard by Judge Bottensack in County Court.

A habeas corpus proceeding which related to the alleged detention of Evalyn Versteegen, was held before Judge John Bottensack in county court Thursday. The taking of testimony was concluded and the attorneys will make their arguments next Wednesday afternoon. Rooney & Fred V. Heinemann the respondents. The court room was crowded.

In their return to the writ of habeas corpus, the respondents, Retard Wegner and Viola Wegner, said in part:

"That on July 30, 1917, the respondent, Viola Wegner, then unmarried and known as Viola Honick was a member of the household of her mother, Sophia Werner, 934 Union street, Appleton.

"That the petitioner, Elizabeth Tease, is a sister of the respondent, and resides in the village of Little Chute. That Elizabeth Tease was formerly Elizabeth Honick, having been twice married, being the wife of Cornelius Versteegen and the mother of his four children of which Evalyn is the youngest, having been born after the death of said Cornelius Versteegen. That the petitioner thereafter remarried and is now the wife of Joseph V. Tease and mother of his child.

"That the petitioner from the time that Evalyn Versteegen was of the age of two weeks has not had the care or custody of the infant in controversy. That at the age of two weeks the infant was placed with an aunt on her father's side named Jennie Vanden Wylemberg at Wrightstown, where she remained until July 30, 1917, or thereabouts, at which time the Vanden Wylemberg family voluntarily returned the infant to petitioner, refusing to further care for her.

"That upon July 30, 1917 the petitioner brought the infant to Appleton and voluntarily delivered said infant to her mother, Sophia Werner, and the respondent, Viola Wegner, then a member of her mother's family, at the same time promising that

Try Our Home-made Potato Chips. They are delicious.
Wichman Bros.

the respondent, Viola Wegner, could take said child as hers and bring her up and raise her as if she were her own child, said petitioner stating that she did not regard the child as her own and not bearing the same love and affection for her that she did for her other three children and that while she could not give papers she passed her promise never, under any circumstances, to take said child from the custody of the respondent, Viola Wegner.

"That said infant, Evalyn Versteegen, has been constantly in the care and custody of the respondent since July 30, 1917, to all intents and purposes as if she were her own child. That the respondents have borne all expense of the support, maintenance and clothing of the child since that date except that petitioner during all of such time has furnished for said child goods for one dress, one pair of shoes and two pairs of stockings.

"That petitioner has never shown any love or affection for such child, but on the other hand has shown aversion and dislike in many ways and instances. That the husband of said petitioner has refused to receive the child in his home and has refused to accord her support and has repeatedly confirmed the care and custody of the child in the respondent.

"That the respondents have learned to love the child as if she were their own and have nurtured and maintained her in accordance with their conditions in life and that their conduct has merited and received the love of the child and that such respondents are willing to continue as the foster parents of such child and give her every advantage within their means.

"That the respondents were married May 22, 1919, and from that time on the child has been a member of their family and accorded every privilege that their own child might have had.

"That as respondents are informed and believe, the efforts on the part of petitioner to obtain custody of the child are not made in good faith and that she and her husband intend to place the child with others and that monetary consideration lies behind their efforts coupled with matters of religious differences.

"That the future welfare and best interests of the child, now five years and nine months of age, demand and require that the care and custody remain in respondents."

RALPH HOYT APPOINTED DEPUTY STATE ATTORNEY
(Special to Post-Crescent)
Milwaukee—William J. Morgan, attorney general elect, today announced the appointment of Ralph M. Hoyt, as deputy attorney general of Wisconsin. Mr. Hoyt was born at Columbus, Wisconsin; graduated from the University of Wisconsin in 1910 and from the law department of the state university in 1912. He is thirty-one years old and with the exception of Walter Drew who served as Deputy under Justice Owen, when the latter was Attorney General, he is the youngest man who has held the post in Wisconsin. Mr. Hoyt was with the Wisconsin Railway Commission for six years; four years while he was in the university and two years after being admitted to the bar. During the last two years as assistant secretary, he conducted hearings for the commission. Since 1914

DEAN SEES LITTLE HOPE FOR BRITAIN

Gloomy Lecturer Paints Black Picture of What Will Happen in England.

By United Press Leased Wire
London—Going! Going! Gone! That's England, according to Dean Inge, who lives up to his reputation for "gloom" in a lecture on "Eugenics and Religion."

Discussing the birthrate, the decrease of the middle classes and the increase of the lower, Dean Inge deplored the fact that the best stock was being taxed to bring up the worst.

"Our best stock is being crushed out of existence. I don't see any future for my own class. Politicians take no interest in race improvement. They believe, naturally, that the unborn have no votes."

The dean declared that it was the anti-scientific temper, which was rampant today, that was the enemy of eugenics.

"The nation," he said, "especially the government, behave as though the nation has come into a huge fortune through the war. We have no great men of any description today—whether statesmen, scientists, poets, prophets or philosophers.

"I have faith in the old proverb that things refuse to be mismanaged for a long time. It is certainly true that we are breeding from our worst stock and the best is being crushed out of existence."

He pointed out that during the nineteenth century the middle-class governed—class governed—imposed the taxes and paid them and took care there was no waste. The accumulated wealth of the country became prodigious. Towards the end of the century power fell into the hands of the untaxed class and anti-eugenic legislation was adopted.

"We could then afford to make the unfortunate more comfortable and the prosperous rich continued to have more than was good for them.

"And now the great war has brought us to the limit of taxation. The goose that laid the golden eggs is having its throat cut just at this moment. Before long we shall have a thinly disguised repudiation of those scraps of paper on which the nation's debts are inscribed. That will mean the disappearance of the tax-paying class and therefore the masses who are in power will have to tax themselves—those who call the tune will have to pay the piper.

"The country will be very poor and to a great extent barbarized."

RESUME FIGHT TO WIN BACK OIL LAND
Congress Is Taking Hand in Effort to Recover Valuable Property.
By R. E. Hunt
(Special to Post-Crescent)
Washington—Half a billion dollars' worth of oil lands, apparently forfeited by the government to the Southern Pacific Railroad through refusal of Atty. Gen. Palmer to appeal a government suit to the Supreme Court, may yet be saved to the people.

A suit brought by private interests 10 years ago, raising the question of title to the land, is still pending.

Now steps are being taken to press it to a decision. The attorney general may be directed by Congress to interplead in this case.

Congressman's Plan
A joint resolution, introduced by Representative John E. Raker of California, presents for congressional consideration the questions on which he believes the Supreme Court would sustain the government's title to these lands.

It is admitted that a patent had been granted to the Southern Pacific covering the lands in question, under a grant voted by Congress to induce the building of the Texas Pacific Railroad in 1871.

However, the act specifically excepted "mineral lands" except iron and coal, giving the road the right to select other lands, not mineral, in place of such mineral sections.

Because oil had not been discovered at the time the patents were issued, the railroad claims—and Palmer seemingly has agreed—the government forfeited its title.

Question Left Open
The Supreme Court, however, has not passed on the prime question involved, which Raker declares to be this:

"Is a patent, issued by an administrative officer of the government in violation of specific provisions laid down by Congress, legal and binding on the government?"

Quick action by Congress will be sought to avoid complications that might follow transfer of the lands by the Southern Pacific.

The railroad plans to have the oil properties held and operated by a distinct corporation, which it is organizing.

The situation has been laid before President Wilson and Secretary of Navy Daniels, who is interested in the possibility of getting back the oil lands for naval fuel.

Daniels openly differed with Palmer on the latter's action in allowing the government's suit to be lost by default and will support the fight to reopen the case.

WANT GUARDS TO PROFIT FROM BOXING MATCHES

By United Press Leased Wire
St. Paul, Minn. — If legislation planned here goes through boxing in Minnesota will be placed under the direction of the national guard units and promoters will be doomed.

Brigadier General George E. Leach, of the Minnesota National guard, and H. D. Frankel, St. Paul attorney, are drafting a bill to be presented to the legislature which would place entire control of boxing under the national guard and profits from bouts would be pro-rated among all the units.

Similar bills are being prepared for introduction in 18 other states, it was said. The plan is sponsored by the army and navy civilian board of boxing in New York, according to Frankel.

Frankel declared huge purses now paid boxers would be abolished.

SENATOR PENROSE KILLS TARIFF AND BONUS BILLS

By United Press Leased Wire
Washington, D. C.—Senator Penrose of Pennsylvania, chairman of the senate finance committee, today virtually killed all hope of emergency tariff legislation or a soldier bonus bill at the present session of congress. Penrose who had just returned to Washington, said that he believed the tariff and revenue situation should be carefully considered as a whole before any action was taken. The bonus bill, he added, is so intimately linked with the revenue question that the two should be considered together.

CRIME WAVE EXTENDS TO HOME OF WEALTHY

By United Press Leased Wire
Chicago—Following wholesale attacks on women at Evanston, fashionable Chicago suburb, the police today announced that patrolmen will act as escorts to women who must be out at night.

Ten robberies and one gun battle marked the crime developments at Evanston in the last 24 hours. The gun battle occurred in the home of Charles Deering, harvester magnate, when a robbery was frustrated.

ARCHBISHOP PLEADS FOR FREEDOM FOR IRELAND

By United Press Leased Wire
Chicago—Archbishop George W. Mundelein today concluded a New Year's proclamation as follows:

"Last, but not least, may the new year bring the long-desired freedom for the only white race in captivity, the Irish people."

The archbishop asked divine guidance for President-elect Harding and wished for peace, plenty, prosperity to friend and stranger.

PRISONER'S STORY IS BUNK, WARDEN DECLARES

Wausau, Wis.—"One of the prisoners spun a yarn, and some of the newspapers fell for it," was the statement made at the office of Warden Henry Topp at the state penitentiary here, when inquiry was made on a Milwaukee report that a Wisconsin convict was about to help clear up the

mystery of the great bomb blast in Wall street.

"You know, it is not uncommon for prisoners, some of whom are not strong mentally, to write letters to the outside world telling fantastic things," the prison official added. "They like to appear as heroes or great criminals. The prison authorities take no stock in this incident and know of no New York officials speeding to interview this prisoner, as reported in Milwaukee."

BOTH TEAMS READY FOR GRIDIRON TEST

Ohio State Team Confident of Going Distance Under California Sun.

By United Press Leased Wire Pasadena, Cal.—Football gluttons needing a feast that will stay their hunger until next fall, will have their appetites satisfied with an epicurean dish of inter-sectional flavor in the Ohio State University of California battle tomorrow.

Estimates today were that more than 45,000 persons would dine on the meal Chef Wilce, of Ohio and Andy Smith, of California, have prepared. The last bite of seasoning were added today with light signal drills for the two elevens and all was ready for the final making tomorrow.

Weather predictions were for a clean, cool day with the usual California sun on the job. The Ohioans have proved their ability to travel the distance under summer skies, thus allaying fears that they would not become acclimated.

Betting was light today with neither

APPLETON IDEALS WIN FROM KAUKAUNA QUINT

The Kaukauna Fox Club suffered its first defeat at basketball Thursday night at the Kaukauna auditorium in a game with the Appleton Ideals. The final score was 28 to 18.

Appleton rolled the ball in twice before the Fox Club woke up. McDonald and Garvey each scored for Kaukauna on free throws. After that the score was increased by both sides alternately. Appleton was one to the good at the end of the half.

In the second half Referee McChesney began calling fouls upon the players. Appleton was given 14 free throws and 9 of them were turned into counters by Wheeler.

The Line up: Appleton—Kubitz, r. f.; Pond, l. f.; Wheeler, c.; Tesch, r. g.; Sorenson, l. g. Kaukauna—Garvey, McDonald, forwards; Bransel and Rennie, guards; Hess, center.

In the opening game, Rennie's Specials lost to Mulford's Clothing boys, 18 to 7. Curry and Homan starred for Mulford and Taylor did the big work for Rennie's Specials.

side offering odds. Arrival today of the California student body, however, was expected to give impetus to waging.

DAVIS CUP ADDED TO YANK TROPHIES

Americans Hold Championship in Almost Every Kind of Sport.

By Henry L. Farrell By United Press Leased Wire New York.—Tall Bill, Tilden and Tiny Bill Johnston have brought to a glorious and the greatest year of American accomplishment in sport in history.

As a year filled with brilliant performances on home and foreign fields was gasping its last, America's now famous pair of tennis Bills—Tilden and Johnston, sent back home today the Davis cup, next to the last world's sport trophy that is not resting on American shelves.

Of all the world's emblems of superiority in sport, only one is not in America—the international polo cup and an able team sets out for England after it this coming spring.

From the first of the year to the singing of the 1920 swan song, today, Americans have swept almost supreme down through the field of sport.

World's supremacy on the water was achieved by a yacht by a fishing schooner and by a motor boat. World's supremacy on land was won by a team of riflemen, by a track and field team, by swimmers, by oarsmen and by tennis players.

Perhaps the most "blue blooded" victory was Resolute's successful defense of the historic American cup over the British yacht Shamrock IV.

Next in class was America's sweeping victory on track and field at the classic Olympic games.

Tennis joined the list of conquests when William T. Tilden won the British national championship and later with the help of William M. Johnston, brought the classic Davis cup back to America after an absence of eight years.

Jack Kelly, Philadelphia, brought the world's sculling championship home from the Olympic games, the navy won the eight oar championship and set a new world record and the American riflemen brought home the championship from Belgium.

The American fishing schooner Esperanto joined the list with a championship, the American swimmers vanquished the best in the world and the Princeton track team beat Oxford and Cambridge.

America must bow, however, to Canada in hockey; to Britain in cross-country running and golf—the very few international contests in which American colors did not wave from the top of the pole.

In pugilism and wrestling, America is almost supreme. International sports reached their greatest crest in 1920 and the benefits resulting cannot be estimated.

SPORT KINGS AND QUEEN OF 1920

Here are a few of the crowned heads of the sport world. They all earned their titles in 1920 except Jack Dempsey, the heavyweight champ, who has successfully defended his head-dress twice. Notice that it is a little off-sides since Bill Brennan stayed 12 rounds with him. Babe Ruth's hat is on tight and is likely to be for several years yet. Ted Ray may never defend his golf title. He's getting old. Man o' War has no more worlds to conquer.

MIGHTY WELCOME FOR MAN O' WAR

All Kentucky Will Celebrate Homecoming of World's Greatest Horse.

Lexington, Ky.—Man o' War, the undefeated, the iron-hearted—the master of them all—is coming home! There is to be a reunion between the famous runner and his parents, Fair Play and Mahuba. And Man o' War is to see his little brother—for the first time.

So there is a big day ahead for all of old Kentucky!

Perhaps this ought to have to do with the horse world alone. It is likely that Man o' War is thinking mainly about running wild on the open country with his mother and father—about getting back with the old folks again.

But Fair Play and Mahuba will merely be onlookers in the big welcome home that is being planned.

A king is a king, be he man or horse and when the speed sensation of the past season arrives back in the Blue Grass state, on the broad acres of August Belmont's Hinata Farm, folks are going to step out and pay their highest respects.

The exact date for the arrival of the super-horse has not yet been set by Owner Samuel D. Riddle, Philadelphia millionaire—but plans for the celebration are already under way.

There will be silk hats, frock coats, bands, a barbeque and some speeches in which there will be references to the "greatest racer of all time," "most wonderful horse ever foaled," and "worthy product of the blue grass."

of the Commodore hotel next Thursday. Burr McIntosh, Marie Dressler, Leon Errol, Katherine Martin, Florenz Ziegfeld and "Big Bill" Edwards will be the auctioneers.

The bout is being promoted by Miss Anne Morgan to raise funds for devastated France.

MAROONS WHIP TIGERS IN FIRST BASKET GAME

"A Happy New Year"

EVERYBODY knows Buick builds six-cylinder Valve-in-Head automobiles.

- that Buick sold its entire 1920 out-put long before the end of the season.
- that Buick has sold a large percentage of its 1921 schedule.
- that Buick users are Buick salesmen.
- that Buick car values are 100 per cent.

Added to their recognized high service value the new Buick models possess a distinctive beauty. Their graceful lines and handsome appointments merit the pride which early buyers have expressed.

Nineteen Twenty One Buick automobiles have more improvements than any Buick models in the past five years and 1921 models represent 25% greater used car values.

Many of our spring deliveries are already contracted for. Thousands have been disappointed during past years because of the shortage of Buick cars.

The matter of present purchasing should receive the immediate consideration of motor car buyers

ALL KINDS OF GOOD MUSIC AT CONCERT

Band Concert Program Is Arranged to Please All Kinds of Music Lovers.

A free concert that will please the masses is to be given by the Ninth Regiment band at 8:30 o'clock next Monday evening at Lawrence Memorial chapel. A glance at the program will show that Prof. Percy Fullinwider, director, has made selections to meet the taste of the plainest folk as well as the fastidious fancier of compositions of music masters.

The seating capacity of the chapel is expected to be ample. The concert is the first of ten paid for by the city fathers. A packed house will mean further indoor concerts.

The heavy, spirited music of the march, the gliding tones of the dance, the gentle notes of the love song, the fascination of the opera and the rich musical qualities of the overture are included in Monday's program. Prof. Carl J. Waterman, tenor, will sing one solo during the first half with orchestra accompaniment, and three during the last half. The complete program follows:

Part I.
 Tannhauser March Wagner
 (a) Hungarian Dance (No. 6) Brahms
 (b) Scarf Dance Chaminade
 (c) Serenade (a night in June) King
 (d) Olympia Hippodrome (march)

Why Rose Is Sweeter For de Bain Alexander
 (With band accompaniment)

Grand Selection from the Bohemian Girl Ballo
Part II.

(a) Sunrise and You Penn
 (b) The Top of the Morning Mana Zucca

(c) Tommy Lad Marguerite
 Mr. Waterman.

(d) Day in Venice Nevin
 (a) Dawn.

(b) Gondoliers.
 (c) Venetian Love Song.

(d) Good Night.
 Overture (Far West) Koppitz

(a) Frivolous Cupid Loevy
 (b) Arabian Nights King
 Hungarian Fantasia Tobani

FARMER LOSES 40 HEAD OF CATTLE IN BAD FIRE

Medford—Fred Plockhman, a farmer living about four miles west of Dorchester, lost 40 head of cattle, barn and all it contained by fire. When the fire was discovered at 3 o'clock in the morning, it had gained such headway that nothing could be saved. The cause of the fire is unknown. The horses had been finished before dark, artificial light had not been used, and none of the family uses tobacco. Only \$1,500 insurance is carried.

IMPORTANT EVENTS AT LEGION MEET MONDAY

Oney Johnston post of the American Legion will be the proud possessor of a blue and white official Legion flag after its meeting Monday evening at Elk hall. The emblem is to be contributed with appropriate ceremonies by the Women's Auxiliary of the post.

The members of the auxiliary are to be guests of the post and will attend in a body. Members of boy scout troop No. 5, adopted by the Legion, will also attend. Formal appointment of John Voeg as scoutmaster and Arthur Bunks as assistant will be a feature of the program.

Officers of the post are working to secure a full attendance because of the importance of the meeting. Amusement features and community singing will be provided by the entertainment committee, and there will also be refreshments.

The STAGE

"Hearts of Erin"
 "Hearts of Erin" is the title of the new romantic comedy that will shortly be presented at Appleton Theatre January 5 by Walter Scanlan and his excellent company of players. It was written specially for him by Charles Bradley and Lorin Howard and depicts

NEW YEAR'S DANCE at ARMORY G

Friday, December 31st
 Music By PARK'S Orchestra
 "The Boys With the 'Pep'"

very vividly life in Ireland during the latter part of the 20th century. It is mainly a love romance and does not touch on the politics of the country. Mr. Scanlan the best of tenors has a budget of fine songs which will be heard during the performance.

WOLVES NUMEROUS IN VICINITY OF LA CROSSE

La Crosse—Henry Fischer, who lives across the river from La Crosse near La Crosse, Minn., killed a wolf with his shotgun in the yard near his house. Otto, George and Herman Huebner and John Smith, while out rabbit hunting, ran across two wolves which had been tired out by dogs and dispatched them with hatchets. Gus Helke, while chopping wood, killed a wolf with his ax. Seven wolves have been killed in the vicinity of La Crosse within a week.

It is said that soft wood under pressure becomes considerably harder than hard wood under pressure.

INDUSTRIAL HEAD TO PRESENT VIEWS

F. H. Clausen, Well Versed on Labor Problems, to Speak at Forum Sunday.

One of the leading employers of the state and at the same time a speaker of exceptional ability, will present "The Employer's View of the Industrial Problem" at the People's Forum meeting at 7:30 o'clock Sunday evening at Lawrence Memorial chapel. He is F. H. Clausen, Horicon. His address is expected to draw a capacity house, as did the address of John P. Burke, who took up labor's side.

As general manager of the Deering Harvester company, Horicon, Mr. Clausen has come into close contact with hundreds of working men. He comes with a message based on practical experience in the industrial world rather than theories. An opportunity was afforded him to study the labor question intimately when he was a member of the United States employment service during the war. He was also former president of the Wisconsin Manufacturers association.

Forum meetings were suspended for several weeks on account of the holiday events, but will resume with Sunday's meeting. Five more addresses are scheduled. The usual musical features will be included Sunday evening. No admission is charged.

WASHINGTON VISITORS SEE WILSON'S HOME

(Special to Post-Crescent)
 Washington—Sightseeing busses will change their route around the capital. For no visit to Washington would be complete without a slant at the home of Woodrow Wilson.

Wilson's home is off the beaten path of busses—on the outskirts of the fashionable Massachusetts-ave-Sheridan section. But most of the sightseers will miss Wilson. For while they are passing by in front of the house, Wilson himself will be in a rear room, overlooking the gardens. This will be his library and study. It's on the second floor and has a southeasterly view across downtown Washington.

ALL MEAT MARKETS WILL BE OPEN UNTIL 9 O'CLOCK FRIDAY EVE. CLOSED ALL DAY NEW YEAR.

LITTLE NEW WATER POWER DEVELOPED

High Costs Bring Only Four Applications for Development in 1920.

Madison—The railroad commission finds that water power development in Wisconsin has proceeded slowly during the last two years, in spite of the expected incentive given by high prices, coal and expensive machinery. created power, and that expense of labor and of high-priced transmission lines has retarded development.

Water power in use in the state totals 275,000 theoretical horsepower. The commission announces, with 250,000 undeveloped. Only readily available streams with possibilities for development without excessive expense are classified. Two or three million more horsepower is said to exist which might eventually be put in use.

Two applications for development were received and granted by the commission in 1919. These involved a total of 1,450 horsepower, and both are now under construction, one for 250 horsepower on the Yellow river and another for 1,200 horsepower on the Red Cedar river.

Four applications have been received in 1920, and three of them granted involving a total of 3,445 horsepower. These three projects are now under construction on the Little Wolf river with 775 horsepower, the Iron river with 1,200 horsepower and at Peshtigo with 1,350 horsepower. The fourth application received in September of this year from the Peninsular Power company is pending.

THE PETTIBONE-PEABODY CO.

Clean rugs are the foundation of immaculate surroundings. Constant and proper cleaning will prolong their life of charm. They should be gently beaten, to dislodge embedded grit. They should be carefully swept, to detach all clinging litter. They should be suction cleaned, to withdraw the loosened dirt. Only The Hoover does all three. And it is the largest-selling electric cleaner in the world.

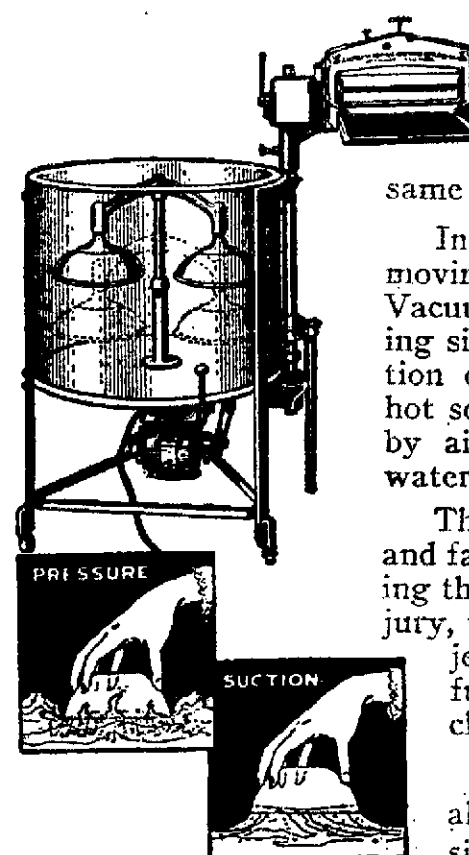

The HOOVER

It BEATS... as it Sweeps as it Cleans

Telephone or call and arrange for a demonstration of The HOOVER on your own floors. No obligation is connected with demonstration because we believe you will eventually own a HOOVER anyway. Convenient terms of purchase arranged if desired.

Let The "EASY"

Save Your Laundry Bills

Like everything else your laundry bills have been increasing. The total amount of money you spent last year to keep the family clothes clean will buy an "EASY" and at the same time double the life of your clothing.

Instead of the two human hands of your laundress moving up and down in the soapy water, the "EASY" Vacuum Electric Washer has two vacuum cups, making sixty strokes per minute and taking a new position on each downward stroke. Thus it forces the hot soapy water through the mesh of the garments by air pressure and suction and creates a vigorous water force which dirt cannot resist.

The "EASY" will wash the daintiest laces, silks and fabrics or the heavier blankets and woollens, leaving them soft and fluffy and without the slightest injury, wear or tear. There is no friction, rubbing or jerking, no dragging, and the clothes are as carefully cleansed as your expert laundress could cleanse them.

The "EASY" is made of solid copper, brass, aluminum and steel. It is durable and sanitary, simple in construction, easy to understand and operate. Its large, round copper tank provides greater capacity than other washers. It has no corners or crevices to collect dirt. It is adjustable to large or small washings and is equipped with an electric swinging wringer and a gas heater to keep the water hot. All mechanism, including motor is under the round copper tub.

Let us demonstrate this wonderful washer in your own home. We will do your washing free any time you say. Telephone third floor for an appointment. Easy terms of payment on request.
